NOTES

1) Total shown = 596 (Gipsy Lane 235, Headington Hill 334, Sports complex 27).

2) Number shown denotes total numbers of possible spaces, including:
- formal allocated
- informal unallocated
- disabled
- possible spaces currently restricted

3) The survey takes account of potential spaces which may currently be restricted, allowing for physical constraints such as access to buildings, turning circles etc. Grassed areas have not been included.

4) The survey covers only Gipsy Lane, Headington Hill sites and the sports complex. It does not account for spaces at adjacent halls of residence, though significant numbers can be found at Morrell & Clive Booth.
