

Your Knowledge Transfer Partnership with Oxford Brookes University

**OXFORD
BROOKES
UNIVERSITY**

When choosing a university partner for KTP, you'll want to find leading research that brings a commitment to real-world solutions, and a user-friendly approach which will smooth the path to gaining funds and creating a rewarding collaboration.

At Oxford Brookes University we have a track record in KTP to be proud of. In 2008 we twice achieved the sought-after grade of 'Outstanding' for completed Partnerships, and in 2009 won the national award for the UK's 'Best Knowledge Transfer Partnership'. We have enjoyed a string of 100% success in funding applications for our partners' projects. We work with businesses, public bodies and charities from small and growing local companies to the largest multinationals.

Our KTP Office is a responsive, single point of contact for KTP enquiries. Get in touch today to find out how we can help.

Oxford Brookes is consistently rated the UK's 'leading modern university' (The Sunday Times University Guide, 2001 – 2009). But we are also renowned for our practical approach to the application of knowledge; our specialisms, from sustainable architecture to computer vision, digital publishing to motorsport, and functional foods to web marketing, deal with fundamental industry concerns. Across a remarkable range of research areas we can help to bring innovation to life and use it for commercial advantage.

'It seemed like an excellent framework for a business development programme and a way to draw on expertise from Brookes. The project delivered sophisticated market intelligence for us which is already generating very significant business.'

Simon Biltcliffe, Managing Director, Webmart UK Ltd

'The Partnership exceeded all our expectations. All technical objectives were met, and very significant advances were made. The technology will boost our turnover going forward, and it has also helped us to build a research base.'

Andrew Stoddart, Chief Scientist, OMG plc

'This was a major, complex piece of work that went almost entirely according to plan, and brought a lot of benefits to all the parties involved.'

Professor Phil Torr, Oxford Brookes University

'Oxford Brookes is bringing some world-class research and expertise to our project, but at the same time they're very user-friendly. The Associate was recruited from the USA and he's really making an impact here.'

Diarmid Campbell, Head of EyeToy R&D, Sony Computer Entertainment Europe

'The KTP with Oxford Brookes is allowing Nominet to learn from respected academics and to develop tools to guard against those who seek to disrupt operations, take commercial advantage of the system or steal information.'

Stephen Morris, Advanced Projects Team Manager, Nominet UK

KTP aims to help businesses to improve their competitiveness and productivity through the better use of knowledge, technology and skills that reside within the UK Knowledge Base. KTP is funded by the Technology Strategy Board along with other government funding organisations.
