INTRODUCING THE NEW PDR REVIEWEE ONLINE MODULE

FOR REVIEWEES
As highlighted in the OCSLD Newsletter March 2019 issue, Making the most of your PDR (an online module) is now live to access via your Moodle login.

The module consists of a series of short presentation clips which guides staff members through the PDR process from an initial overview to what should happen after the PDR meeting. Primarily aimed at new staff this module can also be accessed by existing staff as a point of reference.

There are choices built into the module ensuring staff can access the most relevant information.

Going online provides a number of benefits which includes:
- Available on demand.
- No travel time.
- Reduction in course duration to circa ½ an hour.
- A general referral resource for existing staff members.
- Delivery via Moodle enables better utilisation of completion data, (there are audit questions at the end of the module).

Please note: new members of staff will be required to have completed their PDR Reviewee briefing prior to the end of their probation period.

If you have any questions or need support using this online module then please get in touch with us at ocsld@brookes.ac.uk

OCSLD CONSULTANCY NEWS

We are delivering new consultancy training for the National Film and TV School (supporting senior staff applying for HEA Fellowship) and also designed and delivered workshops for the University of Luxembourg Graduate School on EDI in Research Environments.

We have a second contract from Oxford University to develop a pool of internal coaches for them. We delivered a HE teaching development course for Oxford Prospects last month for visiting Chinese delegates and welcomed visitors to shadow our activities from Spain.
HEA FELLOWSHIPS

We are preparing our submission to Advance HE for continuing accreditation of the postgraduate certificate in learning and teaching and the PSF Pathway to fellowship for experienced staff.

This has precipitated changes to our approach to support staff teaching our students in ACP colleges. We intend to name them all in our submission and offer support to them to build internal capacity to support their own colleagues with fellowship applications.

We have been invited by Advance HE to host a fellowship coordinator event in 2019/20. Relatedly, Jackie Potter, working with Becky Turner at Plymouth University, has published on being recognised as an experienced university teacher for the Staff and Educational Development Association.

QUESTIONING THE GIVENS IN ACADEMIC WRITING ACROSS THE DISCIPLINES A THEORETICAL AND PEDAGOGICAL APPROACH SYMPOSIUM

3 May 2019, 10.00 - 15.30  Book now
JHB 303, Headington Campus, Gipsy Lane

What is academic writing? In this symposium, we undertake a transdisciplinary stance to examining the tightly regulated practices of disciplinary writing. In doing so, we will shed light on some of the hidden dynamics and tensions within. Our intention is to position academic writing as an object of inquiry from different methodological and epistemological perspectives such that alternative theoretical and pedagogical approaches to this central aspect of both student and educator everyday life might be facilitated. Whilst this will be a one-off event, we intend it to be the first step in building a research community focused on exploring different approaches to theorising and teaching writing in and across the disciplines.

The day will include:
- two transdisciplinary panels on theorising and teaching writing in and across the disciplines
- workshop sessions to spark ideas, dialogue and collaboration
- morning coffee and lunch

£5.00 per delegate, for all queries, contact: Juliet Henderson, jhenderson@brookes.ac.uk

EDI SUPPORT - INCLUSIVE TEACHING

A new inclusive teaching steering group has been established to oversee the development and rollout of practical advice and support for implementing changes to teaching and curriculum, including the preparation of resources.

This will be launched in June when we are also welcoming the Teaching Excellence Alliance to deliver a one-day ‘sandpit’ for programme teams to review and plan for changes to their curricula.

See https://www.brookes.ac.uk/OCSLD/Courses/Teaching-and-learning/The-Inclusive-Sandpit-Workshop/

We’ll also be running along side a train the trainers approach so we can run these events internally in 2019/20.

HEA FELLOWSHIPS

We are preparing our submission to Advance HE for continuing accreditation of the postgraduate certificate in learning and teaching and the PSF Pathway to fellowship for experienced staff.

This has precipitated changes to our approach to support staff teaching our students in ACP colleges. We intend to name them all in our submission and offer support to them to build internal capacity to support their own colleagues with fellowship applications.

We have been invited by Advance HE to host a fellowship coordinator event in 2019/20. Relatedly, Jackie Potter, working with Becky Turner at Plymouth University, has published on being recognised as an experienced university teacher for the Staff and Educational Development Association.
