How to log in and navigate

Log in to the system using your student number and single sign-on password. This will take you to a landing page where you can access your student information. There are a number of quick links on this page to commonly used services, such as Student Profile, My Records and Results, Moodle and your Google Calendar. All menu options can also be accessed via the Grid icon in the top left hand corner:

![Login Page Screenshot](image)

Click on the Grid icon and then on Banner to see the menus available to you:

Things to note

Module codes

Module codes are changing. New module codes will be made up of two parts – a Subject code and a Course code. The words Module and Course are used interchangeably in the Student Information system.

For example, U04500 Engineering Mathematics and Modelling I becomes ENGR 4001, where ENGR is the Subject code, denoting that it is an Engineering module, and 4001 is the Course code – the first digit indicates the level of the module.

Terms

In the Student Information system, the academic year is split into three Terms – Autumn, Spring and Summer, which equate to Semesters 1, 2 and 3 respectively.
The **Student** menu allows you to view your profile, access online enrolment, register modules, request a transcript and submit online requests, among other options. All menu options are described below.

### Student Profile

Use the **Student Profile** link on the landing page, or the **Student Profile** option in the **Student** menu, to view your student profile.
Hello Mr Simon Training.

This is the entry page for Student Information. From here, you can navigate to the following pages using the menu on the header (Alt+M):

- My Records & Results

| ② | Student photograph – please note, if you have an ad blocker installed in your browser, your photograph will not be displayed. |
| ③ | Prior Education and Training – this section lists your entry qualifications. |
| ④ | Additional Links – Module Registration, Google Calendar, Academic Transcript (links to the Online Shop) and Moodle. |
| ⑤ | Student Information – this section contains your contact information, and general details about the type of course you are doing. It also displays your graduation applications, and the name of your Academic Adviser. |
| ⑥ | Notices – this is where you will find messages about your student status. |
| ⑦ | Holds – if there is a block placed on your account, for example, for non-payment of fees, this is where you will see details of why your account is blocked, and how to resolve it. |
| ⑧ | Curriculum – this is where you can see details of your programme. If you are studying more than one programme at the same time, all of your details will now be held under one student number. To see the details of your other course, click on the Secondary tab. |
| ⑨ | Registered Modules – this section will display the modules you have registered for the Term you selected from the dropdown list in the top left hand corner. |
My Records and Results

Use the My Record and Results link on the landing page, or the My Record and Results option in the Student menu, to view your student profile.

Your Record and Results page is divided into several sections. The top section displays your programme details, including your entry date, expected completion date, current stage and mode of study. You can also view your enrolment and visa status here, and see details of your Academic Adviser, Subject Coordinator and Programme Lead:
Further down the page are the modules that you have already taken, as well as the modules you have registered on your programme for the current/coming academic year. You can also click to go to Module Registration, and to look up module details in the Module Catalogue.
Online Enrolment

As part of your online enrolment you will need to complete all of the following:

1. Academic Enrolment
2. Financial Enrolment
3. Photo Upload

Your online enrolment is not finished until all of these sections are complete.
For example, if your academic enrolment is incomplete, you will see **Start Academic Enrolment** button within this section:

![Start Academic Enrolment](image)

Once your academic enrolment has been completed, you will see a confirmatory message:

![Completed Enrolment](image)

Please see “Enrolment” chapter of this manual for guidance on how to complete your online enrolment.

### Module Registration

The first time that this system will be used to register your modules will be in September 2019. Instruction on how to register your modules will be provided in due course. Check the **Student Information page** for more details.
Module Search

Use the **Module Search** option in the **Student** menu to look up timetable information for any module.

First, specify the **Term** for which you would like to view a module’s timetable information using the **dropdown list**:
You can then specify your search terms on the following page. **You must pick a Subject, either by selecting from the dropdown list, or by typing in the Subject field.** You can narrow down the number of results you see by specifying a Course Number or keyword. A percentage mark (%) can be used as a wild card. Once you have defined your search terms, click on **Search:**
For example, searching for Engineering in the Subject field, and 4% in the Course Number field yields a list of all Level 4 Engineering modules. Timetable information is in the Meeting Times column:

**View Grades**

Use the **View Grades** option in the **Student** menu, to view your marks for individual modules.
First, specify the Term for which you would like to view your marks using the dropdown list. To view available marks for all of your courses, select All Terms:
Then, select a **Course Level** using the **dropdown list**:

![Course Level dropdown list](image)

Finally, select a **Study Path** using the **dropdown list**. To view your marks for all of your courses, select All Courses:

![Study Path dropdown list](image)

Once you have specified the Term, Level and Study Path details, you will see a list of modules. Click on the **Components** button to see your marks for individual assessment components when they are available:
Graduation Ceremony

The first time that this system will be used to register for a graduation ceremony will be for the June 2020 ceremonies. Registration will open in March 2020, and instructions on how to register will be provided in due course. Check the Student Information page for more details.

Academic Transcript

Use the Academic Transcript option in the Student menu to request a transcript via the Online Shop. Please note, charges may apply.
Forms and Requests

A number of student requests will now be processed via the Student Requests menu option. These include requesting council tax and attendance letters, subject changes and exceptional circumstances. Further information will be provided in due course. Check the Student Information page for more details.
Update Personal Information

Use the **Update Personal Information** option in the **Student** menu to amend your personal details, including your address, phone number and emergency contact details:

Check the details that are currently recorded for you in each tab, and make updates as necessary. Fields marked with * are mandatory:
Once you have made all updates, click on the **Completion** tab and click **Submit**.

Academic Enrolment

Use the Online Enrolment option in the Student menu to access your enrolment page. Then click on the Start Academic Enrolment button.

As part of academic enrolment you will need to update:

✔ Personal information
✔ Address
✔ Emergency contact(s)
✔ Employability information

New students will additionally need to update:

✔ Qualifications

Some of the information will be pre-populated from your application form (for new students) / existing student record (for continuing students). Please confirm whether this information is correct and update it, where necessary.

On the left hand side of the screen you will find a summary of key information. Please check that this information is correct. If there are any discrepancies in these details, please contact Student Central (Tel: +44 (0)1865 483455; Email: studentcentral@brookes.ac.uk)
On the main part of the screen your details will be organised under several tabs:

- **Personal** – personal information;
- **Address** – home and term-time address details;
- **Contact** – emergency contact(s);
- **Qualifications** – achieved Level 3 qualifications (for new students only);
- **Career** – employability information;
- **Completion** – consent to abide by University standards and regulations.
Mandatory fields

Mandatory fields are marked with an asterisk.

Please populate all mandatory fields on each tab. You will not be able to complete your academic enrolment until all mandatory fields are populated.

Navigation

Start by updating information on the Personal tab. You will then be able to proceed by clicking on the Next button at the bottom of the page.

Each time you open a new tab, information that you entered/updated on the previous tab will be saved. You will see a notification in the top right corner of the screen to confirm this.
If you see an error message in the top right corner, this may mean that you have not filled one of the mandatory fields. This field will be highlighted in red. You will not be able to move on to the following tab until you populate all mandatory fields.

Please note: You will need to progress through the tabs in sequential order using the Next button.
Personal tab

Personal details, such as your email address, mobile number, information about your ethnicity, gender and any disabilities will need to be entered on the Personal tab.

Below you will find additional information about some of the fields on the form.

If you answer **Yes**, you will notice an additional field appear on the **Personal** tab, asking you to enter your National Insurance Number.

### National Insurance No

This field appears on the form only if you answer **Yes** to the previous question (“Would you like us to sign you up to the Electoral Register?”). Your National Insurance Number information will only be used for the purposes of signing you up to the local electoral register, **if you wish to do so**.

Please enter your National Insurance Number using the official format (e.g. QQ123456C).

### Disabilities

This field will allow you to enter multiple values, if needed.

1. Click inside the field;
2. Select any option that applies to you from the list;

To add more values:

1. Click inside the field;
2. Select any option that applies to you from the list;
3. Repeat steps 2 and 3 as many times as necessary.

If you declare a disability, you will notice an additional field appear on the form. You will be asked whether you receive disability allowance.

If you do not have a disability, please select **No disability – no support required** from the list.
If you would prefer not to disclose this information, please select I prefer not to say from the list.

Information that you provide will be stored confidentially in the student record system, and it is only accessible to authorised members of staff. This information might be followed up by Disability Services if it highlights a support need which has not been addressed yet.

If you see an error message in the top right corner, this may mean that you have not filled one of the mandatory fields. This field will be highlighted in red. You will not be able to move on to the following tab until you populate all mandatory fields.
Navigation

Start by updating information on the Personal tab. You will then be able to proceed by clicking on the Next button at the bottom of the page. Each time you open a new tab, information that you entered/updated on the previous tab will be saved. You will see a notification in the top right corner of the screen to confirm this.

![Saved notification]

Please note: You will need to progress through the tabs in sequential order, using the Next button.

Address tab

On the Address tab you will need to update information relating to your home and term-time address. You will also have the option to enter a separate correspondence address, if required.

Start by identifying your area of permanent residence and the type of your semester/term-time accommodation. Please select one of the values from each list. You could type in the first letter of a value to jump to the relevant section of the list.
Home Address

Enter your home address in this part of the form.

If it is a UK address, you could:

1. Type the postcode into the search field;

2. Press Enter on your keyboard (or click on the magnifying glass icon in the left corner of the search field);

3. Click on the “Please select your address list” line that appears under the search field;
④ Select your address from the list by clicking on it.

Alternatively, enter your address details in the relevant fields on the page.

**Please note:** You will need to make sure that the postcode field is populated.
If your home address is going to change in the near future, check the “Tick here if your home address is going to change in the near future” box.

Once you do that, you will see additional fields to enter your future home address, as well as, the date when you are going to move there.

**Please note:** You will need to make sure that the postcode field is populated.

**Semester / Term-time address**

For students who are already signed up for university rented accommodation or halls of residence, the address will be pre-populated. Please check that it is correct.
If you have other type of term-time accommodation, please enter the address.

If it is a UK address, you could:

1. Type the postcode into the search field;

2. Press Enter on your keyboard (or click on the magnifying glass icon in the left corner of the search field);

3. Click on the “Please select your address list” line that appears under the search field;
④ Select your address from the list by clicking on it.

Alternatively, enter your address details into the relevant fields below.

**Please note:** You will need to make sure that the postcode field is populated.
If your term-time address is going to change in the near future, check the “Tick here if your semester/term address is going to change in the near future” box.

Once you do that, you will see additional fields to enter your future term-time address, as well as, the date when you are going to move there.

**Correspondence Address**

If your correspondence address is going to be different from your term-time or home address:

1. Check the “Tick here if you require mail to be sent to a different address” box;
Enter address in the additional address fields that appear.

**Please note:** You will need to make sure that the postcode field is populated.

Proceed to the following tab by clicking the **Next** button at the bottom of the page.

**Contact tab**

This tab contains your emergency contact details. You will be required to enter at least one emergency contact.

Additionally, you will have an option to enter a secondary emergency contact, if you wish.
If you are entering a UK address for your emergency contact, you could:

1. Type the postcode into the search field;

   ![Home Address search field example](image)

2. Press Enter on your keyboard (or click on the magnifying glass icon in the left corner of the search field);

3. Click on the “Please select your address list” line that appears under the search field;

   ![Home Address search results example](image)

4. Select your address from the list by clicking on it.

   ![Selected address example](image)

Alternatively, enter your address details into the relevant fields on the page.

**Please note:** You will need to make sure that the postcode field is populated.
If you wish to record a secondary emergency contact:

1. Check the “Tick here if you wish to add a second emergency contact” box;
2. Enter details in the additional address fields that appear.

Proceed to the following tab by clicking the Next button at the bottom of the page.

**Qualifications tab**

Information about qualifications will need to be entered by new students on the Qualifications tab. Continuing students will not see this tab.

Start by answering two mandatory questions at the top of the page.

<table>
<thead>
<tr>
<th>Qualifications</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Is your highest qualification at higher education level?</strong> *</td>
</tr>
<tr>
<td>No</td>
</tr>
<tr>
<td><strong>Other level education</strong> *</td>
</tr>
<tr>
<td>Diploma at level 3</td>
</tr>
</tbody>
</table>
Further below you will see a list of Level 3 qualifications that you entered on your application form.

<table>
<thead>
<tr>

</tr>
<tr>
<td>(Camb. Assess.) Certificate of P...</td>
<td>GCE Special Paper</td>
<td>Not known</td>
<td>2007</td>
<td>C</td>
</tr>
</tbody>
</table>

If you notice that any of your Level 3 qualifications are missing, you will be able to add qualifications.

**Please note:** You will only be able to add Level 3 qualifications (i.e. above GCSE level, but below higher education level). For information about qualification levels, please go to: [https://www.gov.uk/what-different-qualification-levels-mean/list-of-qualification-levels](https://www.gov.uk/what-different-qualification-levels-mean/list-of-qualification-levels)

If you do not have any additional Level 3 qualifications, then you do not need to add any qualifications.
① Check the “Add new qualification to above table” box;

② Select your subject area from the drop down list in the **Subject** field;

③ Specify the type of your qualification in the **Type** field;

④ **Please note**: A-Levels appear as ‘GCE A-Levels’ on the drop down list.

⑤ Specify the time of year when exams/assessments were sat for the qualification in the **Sitting** field. The options are: Summer, Winter or Unknown. Unknown should be selected if you cannot remember when a qualification was sat.

⑥ Specify the year when your qualification was awarded;

⑦ Select your grade from the drop down list in the **Grade** field.

⑧ Click **Add**.

The added qualification will appear on the **Qualifications** list.

**Please note**: You will need to populate all fields in order to add a qualification. The **Add** button will not work until all fields are populated.

Proceed to the following tab by clicking the **Next** button at the bottom of the page.
Career tab

Information relating to career readiness and employability experience will need to be entered by all students on the Career tab.

Oxford Brookes University Careers team are interested in the responses you give in this section as they are keen to develop help and support that targets your situation as closely as possible. The answers you give are confidential. Information that you provide will not be used to assess you in any way.

There are three sections on this tab. You will need to select all statements that apply to you (at least one statement) in each section by checking the relevant boxes.

Career Readiness

In this section you will need to indicate how you are planning to build up your employability, beyond your programme of study.

For example, if your programme does not include a placement and you select “I want to do a placement as part of my degree”, this will not automatically enrol you onto a placement module. You will still be required to approach your Subject Support Coordinator or Academic Advisor, should you wish to add a placement module to your degree.

Please select all statements that apply to you by checking the relevant boxes. You will need to select at least one statement in this section.
If neither of the statements apply to you, you will need to:

1. Select the **Other** option;

2. Enter details in the free text box that appears.

### Employability Experience

In this section you will need to provide information about any work or voluntary experience undertaken in the previous year.

Please select all statements that apply to you by checking the relevant boxes. You will need to select at least one statement in this section.
If neither of the statements apply to you, you will need to:

1. Select the Other option;
2. Enter details in the free text box that appears.

### Career Decision Making Support

In this section please indicate where you will look for help and advice in relation to your career. Please select all statements that apply to you by checking the relevant boxes. You will need to select at least one statement in this section.
If neither of the statements apply to you, you will need to:

1. Select the Other option;
2. Enter details in the free text box that appears.

You could proceed to the final part of the form by clicking the Next button at the bottom of the page.
Completion tab

On the Completion tab you will be required to state your agreement to the University’s rules, regulations, policies, guidance notes and standards of personal behaviour. You will also need to agree to the storage and processing of your personal data.

You will find links to the related documents within each statement. Please ensure that you understand these documents before stating your agreement. This information constitutes terms and conditions of your enrolment at Oxford Brookes University.

Terms and Conditions

Please tick all boxes

☐ I agree to abide by the University's rules, regulations, policies and guidance notes, and any subsequent amendments [here](#).

☐ I agree to abide by the University standards of personal behaviour, as described in the Academic and Student Conduct Regulations [here](#).

☐ I have read the summary on [Use of Students' Information](#) and agree to my personal data being held and processed as described in that statement

Submit

To complete your academic enrolment:

1. Review the linked documents on the Completion tab;
2. Check boxes against all three statements to declare your agreement;
3. Click on Submit;
4. Check if there are any error notifications in the top right corner of the screen.
Provided that there are no any error notifications, your academic enrolment is now complete. You should be able to see the confirmation message on your **Online Enrolment** page:

You will now be able to progress to financial enrolment.

**Please note:** Once you click **Submit**, you will not be able to go back and review your details. Outside the enrolment period, you will be able to update your personal information in the system (see “Student menu” chapter of this guide).

**IMPORTANT:** You will need to complete all of the following:

- Academic Enrolment
✓ Financial Enrolment (if applicable)

✓ Photo Upload

Your online enrolment is not finished until all of these sections are completed.
Financial Enrolment

General Guidance

As part of financial enrolment all students will need to:

✔ Review account summary;
✔ Provide funding details;
✔ Consent to the payment of tuition fees.

Financial Enrolment details are spread over three pages:

● Account Summary – summary of transactions and key details;
● Funding details – sources of funding and amounts;
● Consent – consent to pay the tuition fees.

Start by reviewing information on the Account Summary page. You will then be able to proceed by clicking on Next in the bottom right corner of the screen.

Account Summary

This page is for information only. You will be able to check details relating to the calculation of your tuition fees and transactions on your account.

In the My Programme Fee section you will see:

● Your Programme;
● Mode of Study;
● Fees for the coming year.
This information is included on the page, as it informed the calculation of your fees.

Further down, you will see your **Fees** for the coming year.

In the **My Account Summary** section you will find a list of all transactions on your account in a table format. The list will include both charges (for the coming year) and payments on your account.

On this page you will need to declare your responsibility for the payment of your tuition fees in the absence or withdrawal of a loan, sponsorship or award.

If you would like to return to previous page, click the Back button located in bottom left corner of the screen.
To complete your financial enrolment:

① Check the box to state your agreement with the statement;

② Press the **Submit** button in the bottom right corner of the screen.

Your financial enrolment is now complete. You should be able to see the confirmation message on your **Online Enrolment** page:
You will now be able to upload your photo.

**Please note:** Once you click on **Submit**, you will not be able to go back and review your details. Please contact Student Finance (Tel: +44 (0)1865 483088; Email: financefees@brookes.ac.uk), if you have any queries relating to your fees.

---

**IMPORTANT:** You will need to complete all of the following:

- **Academic Enrolment**
- **Financial Enrolment** (if applicable)
- **Photo Upload**

Your online enrolment is not finished until all of these sections are completed.
Photo Upload

All students will need to upload their recent passport style photo as part of enrolment. Photo upload functionality will appear at the bottom of the Online Enrolment page only after the Academic Enrolment and Financial Enrolment sections have been completed. The uploaded photo will appear on your student profile.

To upload your photo:

① Scroll to the bottom of the Online Enrolment page to see the photo upload functionality;

② Press the Upload Photo button;

③ Select a file from your computer;
Adjust the photo:

a) Use grey buttons to rotate the photo;

b) Drag edges of the blue frame to crop the photo;
c) Press **Cancel** if you would like to select another photo instead.

5 Press **Upload** to save the photo.

**Please note:** Once you press **Upload**, you will not be able to go back and change the photo. Outside the enrolment period, you will be able to update your photo in the system.
As soon as you upload and save your photo, you will see a message at the bottom of the page confirming that your online enrolment is complete. This message will also include a link to information for new students.

Module Registration

Module Registration can be accessed by following the link on My Records and Results page (see “My Records and Results” section of this guide).

As part of Module Registration, you will need to register modules for each semester in the upcoming year.

Module Registration comprises of three steps:

- step 1. Check your programme requirements (pages 3-4);
- step 2. Register modules for each semester (pages 6-8);
- step 3. Review your registration status (pages 4-5).

When completing the above steps, you will navigate between three screens:

- **My Programme Requirements** – to complete steps 1 and 3;
- **Select a Term** – to complete step 2;
- **Register Modules** – to complete step 2.

*Please note:* You will not be able to register modules for more than one year in advance.

Start by reviewing information on the My Programme Requirements screen. You will then be able to proceed to module selection by clicking on **Go To Registration** at the top of the page.

My Programme Requirements screen

This screen is for information only. You will need to start registration by checking the displayed information (step 1 of 3). Also after you make your module selection for each semester (step 2 of 3) you will need to return to this screen and review it once again (step 3 of 3) to see whether your module registration is complete.

Credit requirements

On the left hand side of the screen you will see:

- Your programme title;
- Subject area;
- Mode of study;
- Number of credits you are required to complete for the programme.

A bit further down you will find:

- Your current Stage of study and minimum credit requirements for that Stage. Also you will be able to note the number of already registered and passed credits (if any):
Full-time Undergraduate Stage 2 students: Your minimum credit requirements will need to be satisfied in the course of both years: Year 2 and Year 3. Please consult with your Student Support Co-ordinator to confirm that number of credits that you need to register for each year.

Importantly, you will see:

- Message indicating whether your minimum credit requirements for the current Stage are met.

- Click on the message to see detailed information about any unmet requirements.

- Click on the down arrows next to the details of unmet requirements to jump to the relevant section of the module lists (see “Lists of modules” section below for more information about module lists).
Lists of modules

In the second part of the screen you will see lists of all compulsory and optional modules for your current Stage of the programme. To expand the lists click on their titles (i.e. Optional, or Compulsory).

Full-time Undergraduate Year 1 students: Compulsory modules will be pre-registered for you. This will be indicated by a green tick next to the Compulsory list of modules and a Registered note next to each of these modules. You will be unable to drop pre-registered compulsory modules.

Your pre-registered compulsory modules will be listed on the right side of the screen, under Current Registrations. If you are additionally required to select any optional modules, this will give you an indication of how best to balance additional modules between different Semesters.

Full-time Undergraduate Year 2 and Year 3 students: Compulsory modules will not be pre-registered for you. You will need to select both compulsory and optional modules for the upcoming year. If you are a Year 3 student, any modules that you have already passed in Year 2 will have a Passed note next to them.
Full-time students on Postgraduate Taught programmes: Compulsory modules will be pre-registered for you. This will be indicated by a green tick next to the Compulsory list of modules and a Registered note next to each of these modules on the list. You will be unable to drop your pre-registered compulsory modules. You may need to add more modules from the Optional list (please check requirements for your programme).

Part-time students: Compulsory modules will not be pre-registered for you. You will need to register both compulsory and optional modules for the upcoming year. Contact your Student Support Co-ordinator for help with mapping out your programme of study. Modules that you have already passed in previous years will have a Passed note next to them. You will also see a Registered note next to the already registered modules.

When reviewing lists of optional and compulsory modules:

1. Check credit requirements within each section of the list;
② In brackets next to each module title you will see the number of credits that this module represents;

③ To find out in which Semester a module is taught, click on its title.

If you are completing a combined (joint) honours degree and would like to view lists of modules for each subject separately, click on the **Subject View** tab.

You will see the same list, sub-divided by the subject area.
To view list of all modules for your past or future Stage, use the drop down list next to **Current Stage**. You will be able to see lists of compulsory and optional modules for the selected stage, as well as related programme requirements.

Under **Current Registrations** on the right side of the screen you will see the modules registered for the upcoming year (if any), listed as per the semester in which they run.
To start registering modules (step 2 of 3), click on the Go to Registration button located at the top of the screen. For instructions on how to register/drop modules, please see the ‘Select a Term screen’ and ‘Register Modules screen’ sections of this guide.

Reviewing status of module registration

Once you finish registering modules for each Semester in the upcoming year (step 2 of 3), you will need to return to the My Programme Requirements screen to check the status of your registration (step 3 of 3).

1. Check for any error messages;
   - If you have too many modules registered for the current Stage, you will see a notification about it in the top right corner of the screen. Please be aware that excess registrations for any given Stage of a programme in some cases may result in extra fee charges. If it was your intention to register extra modules, simply click on the notification to acknowledge it.

   Should you wish to delete any of the registered modules:

   a) Click on the notification to acknowledge it;
   b) Click on the Go To Registration button;
c) Follow instructions in the ‘Select a Term screen’ and ‘Register Modules screen’ sections of this guide.

- If you need to register more modules, or if there is a teaching times clash relating to modules that span over multiple Semesters, you will see a message about it in the middle of the page. Your registration is not complete until you address this.

② Check whether you have registered enough credits for the upcoming year. **Credits registered** and **credits passed** values will confirm the number of registered and passed credits for your current Stage. Please cross-reference the number of registered and passed credits with the minimum number of credits that you will need to register for the upcoming year/current Stage.

**Stage 2**  
*minimum 240 credits required, 45 credits registered, 75 credits passed*

**Full-time Year 2 Undergraduate students**: Credit requirements for Stage 2 of your programme will need to be fulfilled over Year 2 and Year 3. Please check with your Student Support Co-ordinator how many credits you will need to register for Year 2. Having registered your credits for Year 2, you will still see a message saying that you
have not met credit requirements for your current Stage. This means that the remaining Stage 2 credits will need to be taken over the following year (i.e. Year 3).

- **Your Stage 2 requirements have not been met**

**Full-time Year 1 and Year 3 Undergraduate students:** If the registered modules satisfy the Stage or programme requirements you will see a message to confirm this. Your module registration is not complete until you see that successful message.

- **All of your Stage 1 requirements have been met**

**Full-time students on Postgraduate Taught courses:** Your module registration is not complete until you see a successful message to confirm that your programme requirements have been met.

- **All of your programme requirements have been met**

**Part-time students:** After selecting modules for the upcoming year, you are likely to still see a message saying that your Stage requirements have not been met. This just means that the remaining credits for the current Stage will need to be taken over the following year(s).

- **Your Stage 2 requirements have not been met**

③ Review **Current Registrations** to check if you have balanced your modules evenly between semesters, where possible.
### Current Registrations

#### Semester 1
- FEES 0001 - (0 credits)
- INRL 4001 - Introduction to International Relations 1: Perspectives (15 credits)
- POLI 4003 - Academic Literacy in Politics and International Relations (15 credits)
- SOCI 4001 - Social Differences and Divisions (15 credits)
- SOCI 4003 - Researching the Social World (15 credits)

#### Semester 2
- FEES 0001 - (0 credits)
- INRL 4002 - Introduction to International Relations 2: Themes and Issues (15 credits)
- POLI 4002 - Politics in Comparative Perspective (15 credits)
- SOCI 4002 - Foundations of Social Theory (15 credits)
- SOCI 4004 - Contemporary Societies: Structure and Change (15 credits)

Should you wish to remove, add or swap any of the registered modules, click on **Go to Registration** (see ‘Select a Term screen’ and ‘Register Modules screen’ sections of this guide).
Select a Term screen

You will be taken to this screen after you click on the Go To Registration button on the Registration Summary screen. Step 2 of Module Registration process requires you to register modules for each semester in your upcoming academic year. However, you need to register modules for each semester separately.

On this screen you will need to select a Semester. It is advisable to start with the earliest applicable Semester.

At the top of the screen you will see Terms Open for Registration field. ‘Term’ is the system terminology for ‘Semester’.

- Semester 1 - Autumn;
- Semester 2 – Spring;
- Semester 3 - Summer.

Please click inside the field and select a Semester from the drop down list.
② In the field that appears further below, your programme should be selected by default. If you are completing more than one programme at the same time, you will be able to select the correct one from the drop-down list.

③ Click **Continue**.
Register Modules screen

On this screen you will need to register modules for the Semester that you selected on the Select a Term screen.

The screen is split in half. On the left side you will see your list of compulsory and optional modules to choose from. This list of modules is applicable to the current Stage of your programme. Modules already completed or registered for will have a green tick next to them.

Selecting modules

You will need to click on any of the hyperlinks on the left hand side of the screen to view detailed information about each module.

If the module that you clicked on is taught in the selected Semester, its details will be displayed on the right side of the screen. This will include:

- Provisional days of the week and times when teaching is going to take place (i.e. Meeting Times).

**Please note:** The displayed teaching times are subject to change. You will see your confirmed schedule for the upcoming Semester via your Google Calendar.

Some of the modules will not have any teaching times displayed. This is likely to be the case for research modules. Also teaching times will not be displayed for the modules associated with degrees that are taught by our partner colleges.
- Who is teaching that module (i.e. Instructor);
- Number of credits that the module represents (i.e. Hours).

You could check further details by clicking on the title of the displayed module (i.e. Title).

**Please note:** If you click on a hyperlink of a module which is not taught in the currently selected Semester, you will see a “Please search again” message on the right side of the screen. This module might be available in a different Semester.
Registering modules

To register modules:

1. Press Add in line with the details of the module that you would like to register.

The module will be added in a Pending status to your Summary panel in the bottom part of the screen.

To expand or minimise the Summary panel, click on the Panels button in the bottom left corner of the screen.

All added, but unconfirmed, modules are held here in a Pending status. Modules that have already been confirmed and registered will have a Registered status.
Once you have added several modules, press the **Submit** button to confirm and register these modules. Their status will change to **Registered**.

The total number of credits registered for the Semester will be displayed at the bottom of the **Summary** panel (i.e. **Registered**).

**Please note:** Each time you click on **Submit**, you are likely to see a message in the top right corner of the screen, saying “Structured registration requirements are unmet”. Please ignore this message, press **OK** and continue with your module selection.

**Teaching times clashes**

If you click on a hyperlink of a module that clashes with one of the previously registered modules:

- You will see an error message next to the running times information of the module in the top right side of the screen.
Should you try adding such module to your Summary panel:

- You will see the clash in the calendar view of your provisional schedule (bottom left part of the screen). Added but unconfirmed modules will be displayed in grey. Registered modules will appear in colour.

You will not be able to submit and register modules that clash. If you try doing that, you will see an error message in the Status column of the Summary panel, which will require you to remove that module. You could click on the error message to see details.

To remove any of the modules added in a Pending status (not registered yet):

1. Locate that module in the Summary panel;
② Use the drop down list in the **Actions** column to select the **Remove** option;

③ Click **Submit** to remove that module.

If you are registering a double module that starts in the currently selected Semester but also runs across the following Semester(s), you will only see error messages relating to clashes in the currently selected Semester. Should there be any clashes with teaching times of modules registered for other Semester(s), you will see an error message on **My Programme Requirements** screen instead (see ‘My Programme Requirements screen’ section of this guide).

### Deleting modules

If you would like to delete any of the previously registered modules:

① Locate a registered module in the **Summary** panel;

② Use the drop down list in the **Actions** column to select the **Delete / Drop Module option**;
③ Press **Submit** to confirm.

**Full-time Undergraduate Year 1, Full-time Foundation and Full-time Postgraduate students:** You will only be able to delete optional modules. Compulsory modules will be pre-registered for you and you will be unable to delete them.

To overview modules registered for the currently Selected semester, click on the **Term Summary** tab in the top part of the screen.

---

**Registering modules for another semester**

To register modules for another Semester within the upcoming academic year:

① Click on the **Select a Term** link at the top of the screen;

② In the **Terms Open for Registration** field select the following Semester;
③ Press **Continue**;

④ Make your module selection (see ‘Register for Classes screen’ section of this guide).

**IMPORTANT:** As soon as you finish module selection for all Semesters in the upcoming year, you will need to go back to the My Programme Requirements screen to check the status of your registration.

To return to the My Programme Requirements screen – click on the **Registration Summary** button in the top right corner of the screen.

For instructions on how to review the status of your module registration see ‘Reviewing status of module registration’ section of the guide.
