

Sustainability Engagement Action Plan

Background:

Oxford Brookes University sustainability engagement strategy and action plan have been developed to meet the objectives of our environmental sustainability policies and strategies, our social responsibility framework, and integrate into the new University [2035 strategy](#). Delivering a culture of sustainable awareness, opportunities and engagement programs, in line with United Nations sustainable development goals and our guiding principles, confidence, enterprising creativity, connectedness, generosity of spirit and inclusivity will enhance the student and staff experience and create a behaviour change sustainability legacy.

Sustainability Engagement Strategy:

VISION:

To create a culture of sustainability awareness, opportunities and engagement programmes, enhancing student and staff experience and 'upskilling' our community to create a behaviour change sustainability legacy.

KEY DRIVERS:

1. Maintain and enhance our reputation as a sustainable and socially responsible organisation.
2. Enhance the student and staff experience.
3. To 'upskill' our community to create a behaviour change sustainability legacy.
4. Aligning with the United Nations sustainable development goals and our guiding principles, confidence, enterprising creativity, connectedness, generosity of spirit and inclusivity.

OBJECTIVES:

- Create sustainability awareness, education and training among staff and students to create a behaviour change sustainability legacy.
- Deliver behaviour change programmes enabling staff and students to integrate sustainability into their workplace and everyday practices.
- Create engagement opportunities and support to our students and staff community.
- Create a collaborative sustainability led culture to deliver our guiding principles, through effective communication, empowerment of staff and students and creating confidence to share ideas and deliver initiatives.
- Specify, evaluate and deliver SMART targets and KPIs through an action plan. Progress and impact to be measured and reported at least annually.
- Offer oversight and involvement of students, staff, unions and key stakeholders in the strategic direction of our sustainability policies, strategies and action plans, through advisory and steering groups.
- Adopt best practice and create partnerships, locally and globally

Aims of the sustainability engagement action plan

Oxford Brookes University sustainability engagement action plan has been developed to meet our wider environmental sustainability policies and strategies and to enable us to meet our strategic objectives and high level targets/KPIs. Compliance is ensured through annual internal and external compliance audits. Timebound targets/KPIs and actions, with established ownership are detailed in Annex 1.

This action plan will be reviewed annually by the Environmental Sustainability Team and signed off by the Estates and Campus Services senior leadership team.

ECS SLT sign off date: 5/10/2022

ANNEX 1: SUSTAINABILITY ENGAGEMENT ACTION PLAN (Key - EST = Environmental Sustainability Team)

Owner	Targets/KPIs	Actions 2022/23	Timeframe
Objective 1: Create sustainability awareness, education and training among staff and students to create a behaviour change sustainability legacy.			
EST/VCG	<ol style="list-style-type: none"> 1. Establish a new 'Education for Sustainable Development Working Group' and agree strategy and KPIs. 2. New sustainability induction video. 3. Annual Sustainability report. 4. Monthly social media posts. 5. Annual review of SU's sustainability website. 	<p>STUDENTS:</p> <ol style="list-style-type: none"> 1. Establish a new 'Education for Sustainable Development Working Group' chaired by PVC for Education. Initial aims: <ul style="list-style-type: none"> - Define what Sustainability means to OBU. - Establish common frame/s of reference. - Establish how we reach a shared understanding of sustainability amongst staff and students before we go about embedding it fully across the curriculum. Alignment with the new IDEAS (S = sustainability mindset) curriculum model and design tool that will support programme teams at Oxford Brookes 2.
