

Oxford Brookes Water Strategy

VISION:

A culture of efficient water use and management across our estate, in line with our Social Responsibility Framework, Environmental and Sustainability goals.

KEY DRIVERS:

1. Maintain our reputation as a sustainable and socially responsible organisation.
2. Maintain legislative, regulatory and stakeholder compliance.
3. Conserve our limited water resources through efficient use.

OBJECTIVES:

- Ensure compliance with legislation, regulation and stakeholder requirements
- Quantify, monitor and report water use
- Analyse, assess and benchmark water use
- Develop SMART targets and KPI's to measure progress
- Design in water efficiency measures
- Avoid surface water contamination and & comply with all trade effluent consents
- Promote water conservation best practice
- Engage students, staff and the local community by providing awareness, education and training

This strategy will be reviewed annually by the Environmental Sustainability Team and signed off by the Vice Chancellor Group.
