“

I chose Brookes because it had such an amazing anthropology programme. The lecturers are really supportive. When I came on the open days, they made sure to make me feel comfortable and understand everything about the subject. There is such a great support network here with all of the social staff and wellbeing and things like that.

TEAGAN RHODES-BEECHEY,
ANTHROPOLOGY, STUDENT

It's time to meet our students

Find out what it's like to be an Oxford Brookes student from those who know best...

“My academics were hands-on and supportive of my development throughout my degree at Brookes. They encouraged me to sign up for coaching opportunities available during my studies and were always there to provide one-to-one support. The skills I learnt during my degree have benefited my career as a rugby coach.”

LAMAR SINCLAIR, SPORT, COACHING AND PHYSICAL EDUCATION, GRADUATE

“Throughout my course at Brookes, our lecturers encouraged us to collaborate and bounce ideas off one another. It made learning fun and I also felt supported by other students in my course. My lecturers were also very supportive and would go the extra mile to help further my learning.”

AMELIA FARLEY, BIOLOGICAL SCIENCES (HUMAN BIOSCIENCES), GRADUATE

“The academics have really helped me in achieving my end goal, especially with my final projects. They helped me out when I was hitting creative blocks and especially since the second year, they have been pushing me to just exceed my limits.”

ROMEL YARED, ARCHITECTURE, GRADUATE

“My journey at Oxford Brookes has pushed me out of my comfort zone, giving me the opportunity to further myself and excel within a multicultural environment. The person I am today can confidently express myself and apply with passion the valuable skills I have learnt from Brookes.”

SURBHI CHATURVEDI, INTERNATIONAL HOSPITALITY MANAGEMENT, STUDENT

IT'S TIME TO LEARN

Your potential will come alive at Oxford Brookes.
Practical teaching that engages you and prepares
you for your future career is part of our DNA.

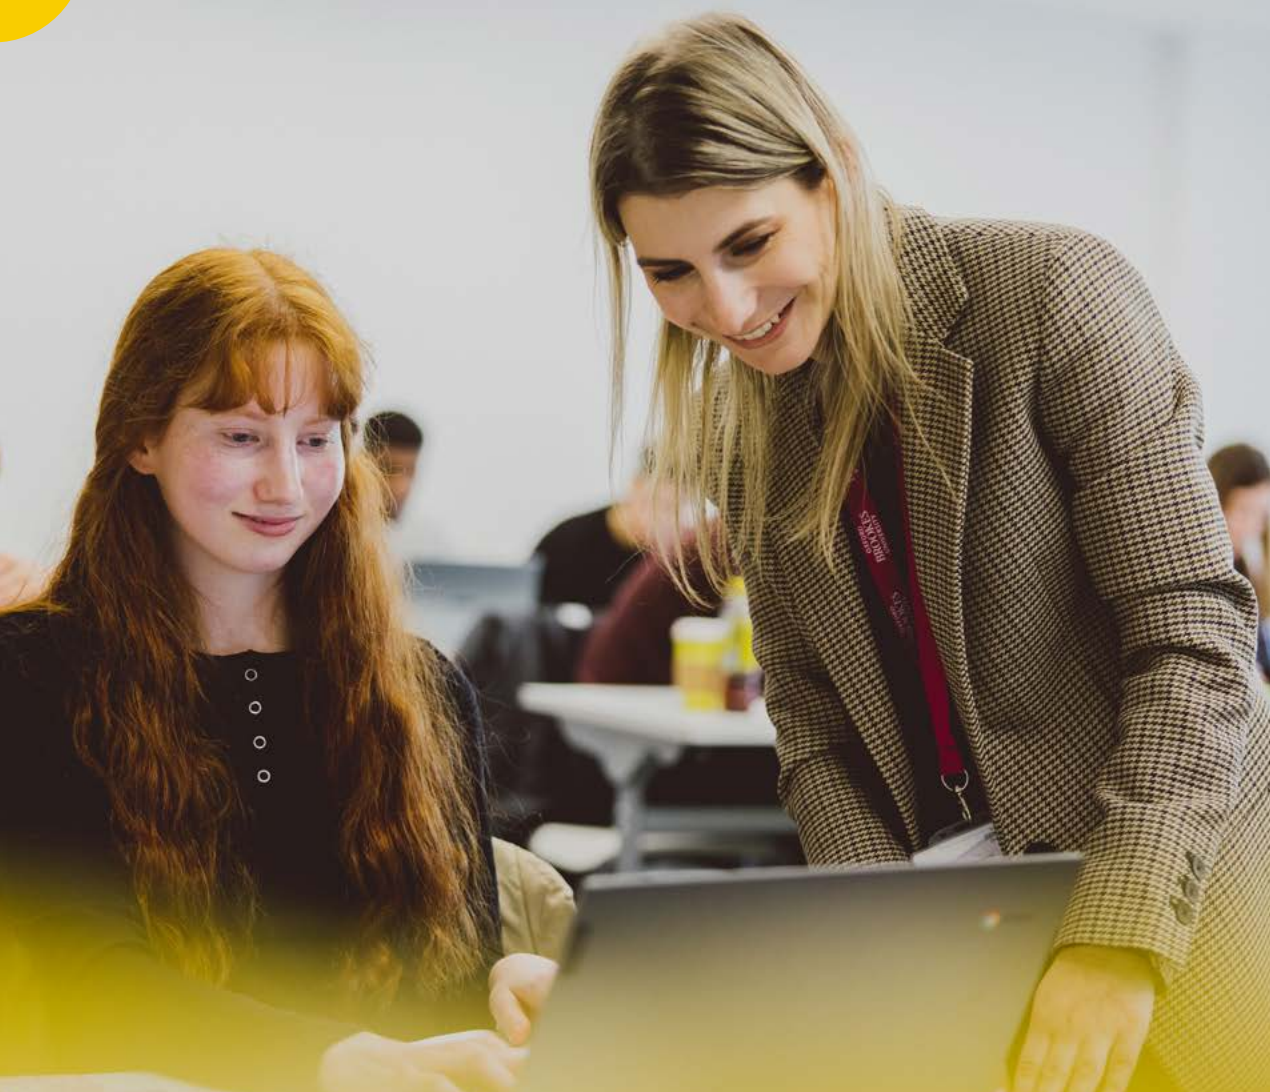

We are among the world's top
universities in 19 subject areas.

QS World University Rankings by Subject 2023

10 National Teaching Fellowships
for outstanding teaching

Teaching

You'll learn in a variety of ways, with a mix of lectures, seminars and tutorials, plus practical and laboratory-based sessions on certain courses. You're also likely to work on group projects, give presentations and carry out research.

HOW YOU'LL LEARN

Studying independently will be an important part of your degree - you'll have the responsibility and freedom to study how and where you like. On most courses, you can also choose optional modules which match your academic interests.

EXCEPTIONAL TEACHERS

You will learn from some of the best teachers in their subjects. Our lecturers have received a host of awards and accolades including 10 National Teaching Fellowships for outstanding teaching.

The tutors here are so supportive and there is a real sense of community between students. Learning becomes a way of life and not just a structured routine.

EMMA BATES GARCIA, ENGLISH LITERATURE, GRADUATE

SUPPORT IN YOUR STUDIES

Studying at university can feel like a big change, so at Oxford Brookes, we provide a wide range of support options for our students.

You will have your own academic adviser to help you throughout your course. The Centre for Academic Development offers workshops, tutorials and online resources all of which are rated highly by our students. You can access expertise in a range of academic literacies including maths and statistics, academic English, academic language, criticality and much more.

Student support co-ordinators, located in each subject area, can also help with both academic and personal issues.

The Inclusive Support Service provides advice and support for disabled students. This includes specific learning difficulties such as dyslexia, dyspraxia/DCD, attention deficit disorder and dyscalculia, autistic spectrum conditions and long-term physical and mental health conditions.

Visit our website for more details:
www.brookes.ac.uk/students/inclusive-support-service

IT'S TIME TO SHINE

Oxford Brookes offers high-quality teaching with courses designed for the real world. From taking part in real-life projects and getting work experience to developing transferable skills – a degree from Oxford Brookes will boost your employability and help you to stand out from the crowd.

90% of full-time undergraduate students are in work or further study 15 months after graduation.

HESA Graduate Outcomes Survey 2020/21 – published May 2023

I would tell someone considering university that it is 100% worth going... the experiences you get and the contacts you make may impact your life and career forever.

TORI BAKER, FINE ART, GRADUATE

Preparing you for your career

You can access excellent opportunities for high-quality work placements through our partnerships with industry and businesses – great for building your confidence and experience. We also work with smaller local employers creating paid internship opportunities.

For some courses, we team you up with your own mentor from industry. These mentors provide one-to-one advice and career guidance.

Many of our lecturers have industry and professional experience. By maintaining these links with industry, lecturers can apply the latest knowledge to real-world practice.

Our students have secured work placements with world-famous brands such as:

- **Apple**
- **BMW Mini**
- **Great Ormond Street Hospital**
- **F1 Ferrari**
- **HarperCollins**
- **Lloyds Banking Group**
- **Oxfam**
- **Oxford University Hospitals NHS Foundation Trust**
- **Warner Bros**
- **Williams Advanced Engineering.**

CAREERS SERVICE

At Oxford Brookes, we have a dedicated careers team that offers you support to ensure you get the right job once you graduate or go on to further study. We provide a range of services, including one-to-one consultations, practice interviews and CV reviews.

The careers team hosts a series of job fairs annually, giving you the opportunity to meet real employers.

There is also the opportunity to make a difference in the local community and meet new people by volunteering. Our careers Volunteer Centre is a fantastic resource – supporting you in finding volunteering opportunities to enhance your experience.

Find out more about our careers service at:
www.brookes.ac.uk/careers

“ The thing that stood out to me about Brookes was its links with the Children’s Hospital at the John Radcliffe Hospital. I’ve been really lucky to have a placement on Tom’s Ward, which has been really beneficial to my development.

DAN POPE, NURSING (CHILDREN’S), GRADUATE

Enterprise support

If you're bursting with business ideas or dream of being your own boss, we'll guide you to take your first steps towards realising your ambitions.

To find out more about Enterprise Support, visit our website: www.brookes.ac.uk/enterprise

Our Enterprise Support team has a range of programmes to nurture your creativity, while supporting and encouraging your personal development. We will inspire and help you to build your skills and develop your confidence to kick-start your business ideas into reality.

Spark – a step-by-step introduction to business start-up. You will develop an idea into a first-stage business venture, and get the opportunity to pitch for £500 seed funding to help make your idea happen.

Fuel – aimed at those looking to scale up their current business, FUEL is powered by Santander Universities. This nine-week course takes you through the skills needed to move your business to the next level.

Bloom – a programme of interventions for self-defined women and non-binary genders. It offers a six-week closed coaching group, a monthly accountability group, a summer boot camp and an annual conference. Join the Bloom community, grow confidence in your entrepreneurial mindset and skills, and move your ideas one step closer to realisation.

I received such generosity from the team when I participated in this (Spark) competition during my undergrad, and that really made a difference in my journey as an entrepreneur.

WALEED KHALID, CEO OXFORD TALKS

Discover a new world

Experience studying in another country! You can choose to study abroad on most courses at Oxford Brookes in locations across Europe, America, Australia and Japan, to name but a few. You'll make friends for life and learn about new cultures while expanding your horizons and gaining new skills.

*Sunrise at Victoria Peak, Hong Kong.
Photo taken by Federica Burani*

WHY STUDY ABROAD?

- Experience university life in a different country.
- Gain new perspectives on the subject you're studying.
- Immerse yourself in another culture for one or two semesters.
- Grow in confidence so you stand out from the crowd.
- Improve your employability and enhance your CV.

HOW TO APPLY

The Global Mobility and Engagement Team holds information sessions during your first semester at Oxford Brookes. These offer the perfect opportunity to find out more about where you can go and what you can study. Once you have applied, we will work with your faculty to get approval for your study programme.

Find out more online:
[www.brookes.ac.uk/
exchange](http://www.brookes.ac.uk/exchange)

“

Firstly you get the amazing experience of living and studying abroad – and all that contact with different cultures. Secondly you get confidence – because you know you can tackle the world by yourself.

FEDERICA BURANI, INTERNATIONAL HOSPITALITY AND TOURISM MANAGEMENT GRADUATE, SPENT A SEMESTER AT HONG KONG POLYTECHNIC UNIVERSITY

IT'S TIME TO DREAM

Oxford is an ideal student city. Close to London and well-connected, but also bursting with things to do, see and experience.

19% of our students are international,
from more than 140 countries.

HESA 2021/22

Oxford is a beautiful city packed with countless hidden treasures, just waiting to be uncovered. Vibrant with fun and excitement, its rich history and iconic settings make for the perfect place to experience endless wonders alongside your studies.

SARA CANLAS, ENGLISH LITERATURE, STUDENT

Oxford: A city for students

Elegant architecture, green spaces, pubs, clubs and a buzzing student community, Oxford has it all. From museum-hopping to shopping in the Westgate Centre or tasting cuisine from around the world, you'll always feel inspired in Oxford.

HISTORIC AND MAGICAL

Oxford is a photographer's dream. A walk in the city centre can have you feeling like you've wandered onto a film set. With its historic buildings, winding lanes and cobbled streets, Oxford is picture-perfect.

BEAUTIFUL GREEN SPACES

You're never far from a beautiful park in Oxford. If you fancy exploring what the rest of the county has to offer, there are so many places to visit, including the Cotswolds, Waterperry Gardens and Blenheim Palace.

LAZY DAYS

Punting allows you to see Oxford from a different angle. Glide gently along the idyllic waterways as you sit back and admire the wonderful architecture and landscape. Or try it yourself – without falling in!

Oxford is so unique in such a good way. It's a great place to study, plenty to do and the architecture is stunning. Being a student here is great. The Ashmolean Museum is fascinating – it's a must go!

GUILIN CHIU,
BUSINESS MANAGEMENT, STUDENT

A STREET THAT HAS IT ALL

Diverse and vibrant, Cowley Road is packed with places offering food from around the world, great pubs, clubs and music venues. You can search for vintage gems in the charity shops and pick up your international groceries at the same time.

INSPIRATION EVERY DAY

As a student in Oxford, you'll be living and learning in the heart of an economic powerhouse where research, technology, science and motorsports are thriving. Add to that a lively arts and culture scene and museums and galleries around many corners, you'll always be inspired.

EXPERIENCE IT ALL

From small-scale food festivals to huge, sell-out music events – there are lots of diverse and exciting things going on in Oxfordshire throughout the year.

Oxford is well-connected to the rest of the country. Whether you want to take a trip back home, spend the day in London or explore other cities like Bath or Bristol, you can hop on a bus or train or the M40 is very close.

26

**BROOKES
UNION**
Est. 1921

BROOKES UNION: HERE FOR YOU

Brookes Union is a member-led organisation which exists to support, represent and inspire students at Oxford Brookes, and to make sure you have the best experience possible. Find out more: [brookesunion.com](https://www.brookesunion.com)

X   Follow us at @brookesunion

SOCIETIES

If you have a passion you would like to share with others, or you want to meet like-minded students, joining a society is a great way to do this. Brookes Union currently supports over 80 societies. They reflect our global community, sharing interests from baking to botanicals, cultures and countries, and law to LGBTQ+. With film screenings, debates, dinners, speakers, club nights, balls and trips away, there's always something exciting going on.

FIGHTING YOUR CORNER

Our Advice Team offers advice on university processes such as exceptional circumstances, appeals, complaints and misconduct. We can also support you if you experience issues in Oxford Brookes halls of residence. They're a free, confidential advice service which is completely independent from the University.

REPRESENTATION

Each year we train and support over 400 course reps, who represent students' academic interests and help to champion the student voice. We also support students to make change by encouraging student-led campaigning.

CELEBRATING SUCCESSES

We love to recognise and reward our members and so run a number of events throughout the year, celebrating student success and achievement. These include our annual teaching & Union awards and This is Oxford festival.

INCREASING YOUR EMPLOYABILITY

We help develop your skills through our partnerships with academic departments. Our students have organised and delivered an open-air cinema, Christmas Market and much more.

"Moving to university presents a great deal of excitement and opportunity, but it can also seem daunting. This is why a sense of belonging and a strong community are important. The Students' Union is here to support your university experience from events and advice to giving you a voice on our campuses."

JACOB CALLICOTT, UNION PRESIDENT 23/24

*Student social event
on the Cowley Road*

Sport at Oxford Brookes

Brookes Sport is the home of sport and physical activity at Oxford Brookes University. We provide recreational and competitive sporting opportunities for the whole Oxford Brookes community.

From American Football to Zumba, Brookes Sport offers plenty of opportunities to get active, compete or simply socialise. Facilities include excellent gyms, a premier climbing wall, a swimming pool, a boathouse, courts, pitches, a sports bar and so much more. There are various discounted student memberships to explore on the Brookes Sport website.

On the competitive side, TEAMBrookes has a huge range of sports clubs you can join. From our world-leading rowing club and elite cricket scheme, to 5-a-side football leagues and intramural netball, there is an outlet for everyone. Wednesdays are the sporting highlight of the week and are when our representative teams play against teams across the country in BUCS (British Universities and Colleges Sport) competition.

Our Brookes Active programme ensures that physical activity is accessible and enjoyable for everyone. From free fitness classes to Turn Up & Play football sessions, Brookes Active provides a gateway to improved physical and mental wellness and the opportunity to meet new people.

Find out more online at:
www.brookes.ac.uk/sport

“

There is something for everyone, regardless of their levels of experience, from participating to coaching. Joining sports clubs and societies is also a great way to make groups of friends at uni.

JOSH HOLDSWORTH, SPORT, COACHING AND PHYSICAL EDUCATION, STUDENT

Harcourt Hill Campus

Swindon Campus

Our campuses

You'll have access to quality facilities and excellent learning spaces specifically designed for your area of study. Our campuses each have their own unique feel and community.

HEADINGTON CAMPUS

- Our largest campus
- 1 mile east of Oxford city centre
- set over three sites (Gypsy Lane, Headington Hill and Marston Road)
- on-site gym, climbing wall and sports centre
- a wide range of accommodation options
- vibrant mix of learning spaces and specialist facilities
- 24/7 library and subject-specific librarians
- multiple food outlets and Brookes Union
- on-site shop, medical centre and dental facilities
- home to the Multifaith Chaplaincy for people from any faith tradition or no faith at all.

HARCOURT HILL CAMPUS

- 3 miles from Oxford city centre, which can be reached by bike in under 20 minutes
- most of the University's Education programmes are currently taught here, but we intend to move these to Headington Campus for the start of the 2025/26 academic year
- on-site accommodation and gym, swimming pool and sports centre facilities. A decision on whether these facilities will continue to operate at Harcourt Hill in future years as part of the movement of activity to Headington Campus is to be decided, with updates added to www.brookes.ac.uk/estates-development

SWINDON CAMPUS

- Adult Nursing (also available at Headington Campus) is taught here
- close to the Great Western Hospital and other placement partners
- on-site subject library and cafe
- prayer and quiet room
- teaching rooms along with specialist clinical simulation suites.

The BROOKESbus service connects all our Oxford campuses and offers free WiFi while you travel!

Architects' impression of Headington Hill's new workshop building

We're moving activity from Wheatley Campus to exciting new buildings on the Headington Hill site, opening for the 2024-25 academic year. The two state-of-the-art buildings will be the new home for Faculty of Technology, Design and Environment activity currently based at Wheatley.

It is our intention to move all teaching from Harcourt Hill to Headington Campus for the start of the 2025/26 academic year. We will keep everyone informed of the changes by posting the latest updates at www.brookes.ac.uk/estates-development

Our libraries

Our libraries have workspaces to suit your working style as well as 24/7 access to ebooks and print books, online journals and databases. Perfect for when you're looking for inspiration, need a quiet space or want to get on with group work.

OPEN

24/7

during semester on our
Oxford campuses

Access to over

200,000

ebook titles

975

study spaces across
our campuses

A print book stock across
the campuses of nearly

400,000

volumes

Leading subject-specific
and multidisciplinary
fulltext databases

Our subject-specific librarians are here to help you make the most of your learning experience. We offer one-to-one help with finding relevant information for assignments and dissertations, using online resources and referencing your sources.

Our LibrarySearch discovery platform provides a Google-style experience for locating all our resources in print and online, making finding information much faster and easier.

The facilities are very good, the library at Headington Campus is amazing! It covers six floors and has got everything you need. The librarians are very helpful if you need anything and it is open 24/7 in semester time. You can also access all the electronic journals and books from home too...

STEPHANIE HUTCHISON,
MENTAL HEALTH NURSING, GRADUATE

Support, mental health and wellbeing

Starting university is an exciting time and also a time of great change. You will have access to comprehensive support and wellbeing services at Oxford Brookes.

Dedicated **student support co-ordinators** are based within each subject area. They are a great first person to go to, and can give you support on personal issues as well as offering advice and guidance on academic matters.

The **Student Support Service** is a hub for advice and support for your emotional, mental health, welfare, spiritual and pastoral wellbeing. Our dedicated, specialist mental health and wellbeing support teams are here for you, whether you are on campus or studying remotely. The support we provide is free of charge and confidential.

OUR SPECIALIST TEAMS INCLUDE:

- **solution-focused therapists**
- **mental health advisers**
- **student welfare and support advisers**
- **chaplains from a range of faith traditions.**

Find out more about these specialist support services: www.brookes.ac.uk/students/support

INCLUSIVE SUPPORT SERVICE

The Inclusive Support Service provides individually tailored advice, tutoring and mentoring and assistive technology for disabled students. Our specialist team will work with you to develop an Inclusive Support Plan (ISP) detailing the adjustments you need for teaching delivery, assessed coursework and exams. We can help you to access funding to support your studies through Disabled Students' Allowances if you are eligible.

www.brookes.ac.uk/students/inclusive-support-service/

HELPING YOU GO FURTHER

Investing time in your own personal development is an important part of your student experience. We've built an enterprising and inclusive community of mentors who can guide you through your time at university and help you prepare for the world beyond. You can choose from peer-to-peer schemes, where you'll be mentored by an existing and more experienced student, or you can seek out an amazing role model already in the world of work and use this as an opportunity to be mentored by them.

www.brookes.ac.uk/mentoring

INTERNATIONAL STUDENTS

Our International Student Advice Team (ISAT) is on hand to help with immigration, visas and finance issues before you arrive. Once you're here, the team runs socials, buddy schemes and offers free English language support to help you settle in as quickly as possible.

www.brookes.ac.uk/students/isat

96%

of students said they would recommend our counselling service to other students

22/23 Service Evaluation

One of the reasons why I decided to study at Brookes was the excellent quality of the disability service. They supported me from my application to university being successful, right up until the date of my graduation. I cannot fault them.

LAURA CROFTS, EDUCATION STUDIES, GRADUATE

Making your money go further

University may be the first time you've taken sole responsibility for your finances. So we've shared some tips to help you make the most of the money you have while at university.

Know what help you can get

We offer bursaries and scholarships at Oxford Brookes. See pages 160-162 to find out more. The government also has additional financial support for some students – so make sure you know what is available to you. For further information, visit: www.gov.uk/student-finance

Get budgeting

Budgeting apps are a great way to help you stay on top of your spending. There are lots of free ones to choose from, with Wally and Bean.

Make the most of student discounts

Sign up for a TOTUM student card with your university email address to access discounts at hundreds of retailers and services. Also, take advantage of Oxford Brookes discounts such as our student travel offers:

www.brookes.ac.uk/travel/student-travel-offers

Shop smart

From looking out for special offers, to buying in bulk, there are lots of useful hints and tips at www.moneysavingexpert.com

Look out for free events

Oxford is a vibrant student city. There are always lots of free things going on – from live music and film screenings to exhibitions and talks. For listings and ideas visit:

www.dailyinfo.co.uk

Get part-time work

Visit our Job Shop and find a part-time job. Embedded in the Brookes Careers Service, the Job Shop is connected to local employers and can help you find work that fits your schedule.

Boost your wellbeing and save money

Cycling and walking will save you money and boost your wellbeing. Oxford is a recognised 'cycling city' and has plenty of cycling routes.

Brookes' financial support was invaluable to me as a student. I qualified for a few bursaries which helped pay the bills, and student discounts helped keep costs low. Part-time work in the city worked around my busy schedule easily as well.

ROSSILYN BAKER, GRAPHIC DESIGN, GRADUATE

Where will I live?

Discovering a new city and making it your home can be one of the most exciting parts of university life. We offer a range of accommodation to suit different needs and budgets. You'll soon settle in, meet new people and enjoy living in your home away from home.

To make budgeting easier, utility bills are included in the price – meaning no nasty surprises.

Hall staff are on site 24/7 so you'll feel safe and supported.

All halls are within close proximity to the BROOKESbus services – connecting our Oxford campuses, as well as the city centre.

We guarantee accommodation in a hall of residence if you make us your firm choice and apply by the deadline.

We also guarantee accommodation if you are an Insurance applicant and you apply by the deadline published on the accommodation website.

THE RESIDENCES LIFE TEAM

The Residences Life Team is the hub of student experience for students living in University-managed halls. They will keep you informed of important and useful information and the team also runs a range of activities and events throughout the year so you'll have plenty of opportunities to meet new people and make friends. The team is on hand to support all aspects of student living, including welfare, health and wellbeing, conduct, safety and life skills.

If you have a medical condition or a disability, let us know in your application and the team will help you choose the best hall for you.

For the latest information and details on how to apply and to take a virtual tour, visit: www.brookes.ac.uk/accommodation

Living in halls is the best opportunity to make new friends, be more independent and realise that cooking is not that difficult. Additionally, wardens are experienced members of the accommodation team and are always there to help and support you!

GUIDO SELVAGGIO, INTERNATIONAL HOSPITALITY MANAGEMENT, GRADUATE

Nutrition, Sport and Physical Activity	141
Social Sciences, Geography, Anthropology, and Psychology	145

AS WELL AS BACHELOR'S DEGREES, WE ALSO OFFER:

FOUNDATION COURSES

One or two-year preparatory courses that enable you to reach the entry requirements needed for degree-level study in a particular subject area. They are designed to give you specific subject knowledge and provide you with skills you will need for your chosen course.

FINAL YEAR ENTRY DEGREES

If you have academic credit at a higher education level and would like to top up to a Bachelor's degree, our final year entry degrees take just one year to complete. They are suitable for holders of an SQA Advanced Diploma, Pearson's BTEC HND, NCC Diploma or equivalent.

Please check individual subject area entries to find out if we have a final year entry degree in your chosen field.

**OXFORD
BROOKES
BUSINESS
SCHOOL**

Accounting, Finance and Economics

The accounting, finance and economics courses at Oxford Brookes Business School combine academic study and real-world experience. Dynamic and engaging classes will help you develop essential skills for your career. You'll be able to critically evaluate evidence and make well-informed decisions. These courses will provide the foundations to help you cultivate a successful career in your chosen field.

TOP REASONS TO STUDY WITH US

Our **outstanding links with leading employers** open up exciting opportunities to develop valuable experience with an optional year-long, paid work placement.

Our **course content stays current** through our close relationships with professional bodies. These partnerships include the Association of Chartered Certified Accountants (ACCA).

Accounting, Finance and Economics students can **access our Bloomberg Trading Suite**, with access to real-world financial market data on the Bloomberg electronic trading platform as part of their learning, preparing them for their first steps into the industry.

Accounting and Economics BSc (Hons) single honours

-  Headington Campus
-  FT 3 years, or 4 years with work placement, PT up to 8 years
-  See pages 18-19
-  Optional, 1 year
-  UK and international students
-  September
-  UCAS tariff points 104
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

This course explores a variety of complementary areas. These include microeconomics, macroeconomics and the fundamentals of financial and management accounting. You'll be able to apply your new knowledge and analytical skills to real-world situations. By the end of the course you will have developed a broad range of valuable skills and attributes such as commercial awareness, an international perspective, an analytical approach to problem solving and the ability to communicate effectively and work collaboratively.

After you graduate

You will acquire skills and knowledge needed for a career in economic policy or accountancy. Recent graduates are now working in tax, auditing and analyst roles for businesses like Deloitte and PwC.

www.brookes.ac.uk/accec

Accounting and Finance BSc (Hons) single honours

-  Headington Campus
-  FT 3 years, or 4 years with work placement, PT up to 8 years
-  See pages 18-19
-  Optional, 1 year
-  UK and international students
-  September
-  UCAS tariff points 104
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

This course explores many areas such as business-relevant economics, finance and accounting. As well as more traditional areas such as tax and audit, we offer the opportunity to explore topics like sustainability, global finance and law. You will develop your IT skills with applications such as accounting software.

To further support you in gaining real-world accounting experience, you can be part of our Accounting for Community: Engaging Students (ACES) project in your second or final year. This gives you experience in working for a local charity to assist with their accounting.

This course can allow exemptions from examinations with professional bodies ACCA, ICAEW and CIMA.

After you graduate

This course will equip you with the skills for a career in accounting and finance. Many graduates have gone on to work in organisations including KPMG, PwC and Grant Thornton.

www.brookes.ac.uk/acffin

Applied Economics BSc (Hons) single honours

-  Headington Campus
-  FT 3 years, or 4 years with work placement, PT up to 8 years
-  See pages 18-19
-  Optional, 1 year
UK and international students
-  September
-  UCAS tariff points 128 including GCSE Mathematics (grade 5 or above), English (grade 4 or above), or equivalent qualifications.
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

While you transition through the degree, you will be exposed to a range of experiences that will shape you into a graduate who is connected, engaged with society and resilient enough to adapt seamlessly in an age of disruption. You will benefit from deep and active learning that will equip you to be confident and creative in seeking innovative solutions to some of the biggest issues that face our society, such as: poverty, inequality, financial instability, sustainable development, climate change, technological innovation and entrepreneurship. You will gain valuable experience in using relevant software and technology, for example, in our Bloomberg Trading Suite.

After you graduate

This course will prepare you for a career in economics, but will also prepare you to join a general graduate training scheme, set up your own business or study at postgraduate level.

economics](http://www.brookes.ac.uk/economics)

Business and Finance BSc (Hons) single honours

-  Headington Campus
-  FT 3 years, or 4 years with work placement, PT up to 8 years
-  See pages 18-19
-  Optional, 1 year
UK and international students
-  September
-  UCAS tariff points 104
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

This course combines the core areas of business, management and finance. You can explore topics like ethics, international business and finance. By offering you the flexibility to tailor the balance between these disciplines, you can choose topics that suit your goals and graduate with the skills needed for your chosen profession. We offer an optional work placement year, where you can improve your skill set and network with people in the industry.

After you graduate

This course prepares you for a career in business, accounting or finance, depending on which discipline you choose to focus on. Graduates have gone on to work at organisations such as Apple and IBM.

business-finance](http://www.brookes.ac.uk/business-finance)

Business Finance (Final Year Entry) BSc (Hons) single honours

 Headington Campus

 1 year

 UK and international students

 September

 Relevant degree completed up to Level 5 learning / equivalent to a L5 HND in a relevant subject.

What you will study

This course allows you to build upon your previous studies to develop your academic skills. You will focus on developing skills essential to gaining employment. You will explore topics related to accounting and finance as well as contemporary issues impacting global businesses.

You will have access to industry-standard facilities, including our new Bloomberg Suite where you can make mock trades using live real-world data.

Oxford Brookes Business School offers excellent employability support through our careers team, and you will have the opportunity to work on live client briefs, hear from industry experts in their fields and have ongoing careers support through the Oxford Brookes University Alumni Networks.

After you graduate

With the broad range of skills you'll learn on this course, you'll be a valuable addition to any business. We'll help you build professional skills to adapt to working life, and our careers office is always there to support you in your search. Job opportunities include: multinational businesses, charities, education, healthcare, and government.

accounting-topup](http://www.brookes.ac.uk/business-finance-accounting-topup)

Economics, Finance and International Business BSc (Hons) single honours

-  Headington Campus
-  FT 3 years, or 4 years with work placement, PT up to 8 years
-  See pages 18-19
-  Optional, 1 year
-  UK and international students
-  September or January
-  UCAS tariff points 104 including GCSE Mathematics (grade 5 or above), English (grade 4 or above), or equivalent qualifications.
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

Our Economics, Finance and International Business degree prepares you for a career as an economist or financial business analyst in a variety of sectors. You will learn the theory and how to apply this to the real world through: the work placement scheme, visits by experts from the world of business, government and other higher education institutions and the insight provided by our staff. We have links with leading companies in finance, manufacturing and services. This enables you to combine your classroom-based learning with practical input.

After you graduate

This degree gives you the skills to be an economist in the private, public or non-profit sector. Graduates have gone on to work for global companies like Natwest, UBS, PwC, and Grant Thornton.

www.brookes.ac.uk/efib

Economics, Politics and International Relations BA (Hons) single honours

-  Headington Campus
-  FT 3 years, or 4 years with a work placement, PT up to 8 years
-  See pages 18-19
-  Optional, 1 year
-  UK and international students
-  September or January
-  UCAS tariff points 104 including GCSE Mathematics (grade 5 or above), English (grade 4 or above), or equivalent qualifications.
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

On this course, you will gain the skills to look behind the headlines and understand the forces shaping the contemporary world.

You will explore the economic factors shaping the relationships between national governments and learn to link theory and practice at each stage. You will examine the issues which are central to the lives of the world's population. You will take part in activities such as problem-solving classes, solving case studies, discussing competing theoretical frameworks and providing policy recommendations in stylised scenarios.

After you graduate

Graduates have gone on to pursue various career paths. Ranging from government and diplomatic services to regulatory bodies. Some students have also gone on to work for trade unions and NGOs.

www.brookes.ac.uk/epir

Architecture and the Built Environment

The School of Architecture and the School of the Built Environment offer degrees that prepare you to succeed in your chosen career. We combine outstanding teaching and world-class research with theory, live projects and field trips to equip you with strong employability skills. Build professional networks, gain hands-on experience and benefit from excellent career prospects through our global network and strong industry links.

TOP REASONS TO STUDY WITH US

Our staff are actively involved in professional consultancy and leading research, so you'll benefit from **teaching that is based on the latest thinking.**

You'll be **working in studios which match professional environments** and are designed to facilitate collaboration and design work. All studios are equipped with state-of-the-art software for the development of your work.

The School of the Built Environment **hosts its own careers fair** dedicated to employers who operate in the built environment sector.

What you will study

Design buildings that help communities to prosper, or that solve environmental, social and economic challenges. Take your first step to becoming a registered architect at one of the top 10 UK universities for Architecture for both academic and employer reputation. From your first day of our architecture degree, you'll be working on a live project with a client, deadline, and budget. You'll soak up inspiration on field trips to architectural practices and wonderful buildings, learning from the people who designed them and the communities they serve.

After you graduate

This course provides the first part of your qualification as an architect. You will graduate with the skills and the portfolio of work that is key to gaining employment.

www.brookes.ac.uk/arch

Interior Architecture BA (Hons) single honours

-  Headington Campus
-  FT 3 years, PT 4-5 years
-  See pages 18-19
-  UK and international students
-  September
-  UCAS tariff points 128
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

Interior architects redevelop spaces so that they are functioning at their greatest efficiency. In this course you will investigate the relationship between people and the spaces they inhabit. Atmosphere, spatial qualities and material exploration are key themes that you will study during this course. You will learn to draw, model and write about contemporary design. We will support you to develop your own identity as a designer and to explore entrepreneurial, socially responsible, sustainable and innovative ideas.

After you graduate

You will graduate as a professional designer who is able to respond to a wide range of needs. Graduates have worked in architecture practices, design practices, urban design, film and journalism.

www.brookes.ac.uk/interior

Building Surveying BSc (Hons) single honours

-  Headington Campus
-  FT 4 years, including 1-year work placement, PT – please contact us for details.
-  Compulsory, 1 year
-  UK and international students
-  September
-  UCAS tariff points 112
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

You'll study building design, pathology and construction, contract administration, law, surveying and building information modelling (BIM). The first three years are shared with our Quantity Surveying and Commercial Management, and Construction Project Management courses giving you broad knowledge of the sector before deciding on your specialism. The placement year and practical projects offer you industry experience and a professional network. In your final year, you'll study specialist units such as conservation and restoration, and advanced surveying practice.

After you graduate

Graduates are often recruited by leading firms, with many going onto training programmes to become chartered professionals (Chartered Institute of Building, Royal Institution of Chartered Surveyors).

[www.brookes.ac.uk/
building-surveying](http://www.brookes.ac.uk/building-surveying)

Construction Project Management BSc (Hons) single honours

-  Headington Campus
-  FT 4 years, including 1-year work placement, PT – please contact us for details.
-  See pages 18-19
-  Compulsory, 1 year
-  UK and international students
-  September

REAL ESTATE

Real Estate BSc (Hons) single honours

-  Headington Campus
-  FT 3 years, PT 6 years
-  See pages 18-19
-  UK and international students
-  September
-  UCAS tariff points 120
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

This course will prepare you for a range of careers within the dynamic real estate sector. Written and taught by industry experts, this course provides you with excellent knowledge of urban real estate. The course covers the key areas that underpin the property market, from development to investment, management, planning, construction and valuation. You'll also study the latest technology developments that are leading the industry. In your first and final years you will take a residential field trip in the UK or Europe to study the chosen city.

After you graduate

Leading property consultancies, investment companies and house builders recruit our graduates. Our mentoring scheme provides excellent networking opportunities, study support and careers advice.

www.brookes.ac.uk/rem

Built Environment Foundation Foundation course

- 📍 Headington Campus
- 📅 FT 1 year, PT 2 years
- 👤 UK and international students
- 📅 September
- ✔️ UCAS tariff points 48
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

This course will prepare you to study at degree level. You will gain knowledge and skills in areas fundamental to the design and development of cities. You will study areas including planning, urban design, environmental sustainability and construction management. To develop your practical skills, this course combines theory with field trips and live projects. Throughout the course, you will discover new subject areas which will help you make informed choices about further study.

After you graduate

Successful completion of this course allows you to progress onto our Real Estate, Planning or Construction courses. These offer excellent career opportunities as well as professional qualifications.

www.brookes.ac.uk/builtenv

Property Development and Planning BSc (Hons) single honours

- 📍 Headington Campus
- 📅 FT 3 years, 4 years with work placement, PT 6 years
- 🌐 See pages 18-19
- 📅 Optional, 1 year
- 👤 UK and international students
- 📅 September
- ✔️ UCAS tariff points 104
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

You will learn about the policies and processes that bring forward developments that stand the test of time and enhance our built environment. This course covers sustainable development, planning, construction, valuation, urban design, economics and law, as well as the political, economic and social factors that shape the industry. You will gain valuable knowledge through field trips and meeting guest speakers. You will also have the opportunity to gain hands-on experience of the industry by undertaking a work placement year.

After you graduate

Graduates will be prepared for roles such as property developer, chartered surveyor and house builder. The optional work placement year provides the opportunity to build experience and network.

www.brookes.ac.uk/property

Urban Design, Planning and Development BA (Hons) single honours

- 📍 Headington Campus
- 📅 FT 3 years, PT 6 years
- 👤 UK and international students
- 📅 September
- ✅ UCAS tariff points 104
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

This course offers you a unique learning experience. Our approach is based on a structure of Urban Labs, interconnected modules and study trips in the UK and abroad. You will learn how the disciplines of urban design, planning and development are integrated. And you will understand how to use this framework to impact the future of cities and create great places. You will study open space design, regeneration, place-making, sustainability, masterplanning. Visiting speakers and live projects provide you with opportunities to apply theory to practice.

After you graduate

We will introduce you to employers and help you develop a portfolio so you are ready for work after graduating. Graduates have found jobs with companies such as Savills and the UK government.

www.brookes.ac.uk/udpd

My favourite part of the course so far is the ability to work with clients from the built environment and urban design sectors as it gives us a really good first step into the field of employment.

This course provides you with skills in the creation of digital assets, television, video and audio production, visual effects, computer animation, and interactive and virtual content. You will learn using specialist facilities and gain experience working with real clients on real briefs. You are able to tailor the course to suit your ambitions by choosing to specialise in either technical operations or production. You also have the opportunity to graduate with AVID Professional Certification in Media Composer Video Editing.

After you graduate

The course has strong links with the industry and provides the chance to draw on industry expertise within modules. Graduates have found jobs with television companies and post-production facilities.

www.brookes.ac.uk/dmp

Film BA (Hons) single honours

-  Headington Campus
-  FT 3 years, 4 years with work placement
PT 6-8 years
-  See pages 18-19
-  Compulsory work placement module
-  UK and international students
-  September
-  UCAS tariff points 112
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

This course will provide you with the opportunity to explore your interests and build professional expertise. We deliver a course that balances the production, history and study of film theory to a professional standard. So you'll gain knowledge of both the history and practical sides of film, filmmaking and the industry. During the course, students can apply for an exclusive year-long internship in the film industry between years two and three. In your final year, you can choose to do a work placement or a live, industry-mentored project.

After you graduate

Our established links with the film industry enable students to meet professionals at film events. Career options include film, media journalism, research, production management and creative writing.

www.brookes.ac.uk/film

Biosciences

These degrees are a great foundation for a wide range of careers. Research-led teaching is geared towards developing your professional skills alongside the theory. We do this through lab-based experiments, and practical experience including bioimaging, case studies, research projects and fieldwork. Our links with industry and the NHS ensure we know about high-quality work placement opportunities.

TOP REASONS TO STUDY WITH US

You'll have access to **top-quality labs and teaching spaces**, including a bioimaging unit which houses advanced light and electron microscopes.

You'll be **taught by clinical scientists at Oxford University Hospitals NHS Foundation Trust** for some clinical topics such as biochemistry, haematology and immunology.

Our lecturers are experts in their field and **committed to the student experience**.

WE ALSO OFFER:

Medical Sciences BSc (Hons)
Final Year Entry, September.

For full details see www.brookes.ac.uk/medical-sci-topup

Animal Biology and Conservation BSc (Hons) single honours

-  Headington Campus
-  FT 3 years, or 4 years with a work placement or foundation year, PT up to 8 years
-  See pages 18-19
-  Optional, 1 year
Work experience module is also available
-  UK and international students
-  September
-  UCAS tariff points 104 including one A-level or a comparable Level 3 qualification in a science subject (eg Biology, Chemistry, Mathematics, Geography, Physics, Psychology).
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

This course covers topics that are scientifically rigorous and relevant in today's world. You will learn essential skills, such as animal identification and survey techniques, the aim being to put these skills into practice with field and laboratory work. This course is accredited by the Chartered Institute of Ecology and Environmental Management (CIEEM) which means you will be prepared for a career in conservation, with a professionally recognised accredited degree.

After you graduate

Our graduates have gone on to work for a range of leading biological conservation agencies, as well as careers in environmental consultancies, management, journalism and media.

www.brookes.ac.uk/abio

Biological Sciences BSc (Hons) single honours

-  Headington Campus
-  FT 3 years, or 4 years with a work placement or foundation year, PT 6 years
-  See pages 18-19
-  Optional, 1 year
Work experience module is also available
-  UK and international students
-  September
-  UCAS tariff points 104 including one A-level or a comparable Level 3 qualification in a science subject (for example Biology, Chemistry, Mathematics, Physics, Psychology).
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

Our degree is designed for students interested in the breadth of biological sciences. You'll have the opportunity to explore different topics including cell biology, genetics and microbiology before selecting your advanced modules. Practical sessions support the theory, so you can develop your confidence in laboratory and research skills, both important for future career opportunities.

After you graduate

Our graduates work in local authorities, research laboratories within universities, research institutes and biotechnology companies. Some graduates go onto other studies including medical schools.

www.brookes.ac.uk/biosci

Biological Sciences (Genetics and Genomics) BSc (Hons) single honours

-  Headington Campus
-  FT 3 years, or 4 years with a work placement or foundation year, PT 6 years
-  See pages 18-19
-  Optional, 1 year
Work experience module is also available
-  UK and international students
-  September
-  UCAS tariff points 104 including one A-level or a comparable Level 3 qualification in a science subject (for example Biology, Chemistry, Mathematics, Physics, Psychology)
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

Genetics and genomics is an exciting, evolving discipline that impacts all areas of biosciences. Modules within the course focus on aspects such as gene sequencing, computational analysis and molecular biology. You can use the latest microscopy techniques to explore living cells in our bioimaging labs. You will develop the skills bioscientists need for this new era of genomics and big data in biology. The skills you will gain are relevant to fields including healthcare, endangered species and cancer research.

After you graduate

Our graduates have developed careers in a variety of roles in biological organisations including data analysts. Some continue on to postgraduate study.

[www.brookes.ac.uk/
genetics-genomics](http://www.brookes.ac.uk/genetics-genomics)

Biological Sciences (Human Biosciences) BSc (Hons) single honours

-  Headington Campus
-  FT 3 years, or 4 years with a work placement or foundation year, PT 6 years
-  See pages 18-19
-  Optional, 1 year
Work experience module is also available
-  UK and international students
-  September
-  UCAS tariff points 104 including one A-level or a comparable Level 3 qualification in a science subject (for example Biology, Chemistry, Mathematics, Physics, Psychology)
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

This course focuses on the biology of humans at both, a system and whole human organism level. You can choose between a broad approach, based on the principles and methods of different aspects of biology, or a focused approach, with a view to becoming a specialist. You will study a range of topics including cell biology, neuroscience, human nutrition or genomics. As active researchers our teaching staff are able to help you apply human bioscience theory to real-life issues.

After you graduate

A human biosciences graduate is well-qualified for different careers including medical writing, exercise physiologist, immunology research scientist, medicine, and research posts in companies or academia.

[www.brookes.ac.uk/
human-biosciences](http://www.brookes.ac.uk/human-biosciences)

Biological Sciences (Zoology) BSc (Hons) single honours

-  Headington Campus
-  FT 3 years, or 4 years with a work placement or foundation year, PT 6 years
-  See pages 18-19
-  Optional, 1 year
Work experience module is also available
-  UK and international students
-  September
-  UCAS tariff points 104 including one A-level or a comparable Level 3 qualification in a science subject (for example Biology, Chemistry, Mathematics, Physics, Psychology)
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

This is an interdisciplinary degree that explores all aspects of the biology of animals, including evolution, genetics, development, morphology, neurobiology and behaviour.

Through fieldwork, lab work and computational biology, you will explore how animals interact with the environment. Using this knowledge you will evaluate conservation programmes. We teach modern lab training and other relevant skills that are important to employers within the biosciences industry.

After you graduate

Career prospects include areas such as the conservation of endangered species and habitats and also paths in the agricultural and biotechnology industries, the civil service, forensic sciences and teaching.

www.brookes.ac.uk/zoology

Biological Sciences MBiol MBiol Integrated Master's

-  Headington Campus
-  FT 4 years, or 5 years with a work placement, PT 8 years
-  See pages 18-19
-  Work experience module is also available
-  UK and international students
-  September
-  UCAS tariff points 104 including one A-level or a comparable Level 3 qualification in a science subject (for example Biology, Chemistry, Mathematics, Physics, Psychology)
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

This course enables you to study a wide range of subject areas including environmental biology, conservation, evolution, developmental biology, cell and molecular biology, ecology, genetics, botany and zoology.

You will develop the ability to adapt and apply the methodology to solve problems, along with a critical awareness of advances at the forefront of these fields.

This is an integrated Master's and after completing this 4-year-course you will have a postgraduate qualification and be well prepared for PhD work.

After you graduate

Career opportunities are available in sectors which seek bioscientists like biopharmaceuticals, bioscience, biotechnology, healthcare industries, hospitals and public health laboratories.

www.brookes.ac.uk/mbiol

Biomedical Science BSc (Hons) single honours

-  Headington Campus
-  FT 3 year, or 4 years with work placement, PT 6 years
-  Optional, 1 year
-  UK and international students
-  September
-  UCAS tariff points 104 including one A-level or a comparable Level 3 qualification in a science subject (for example Biology, Chemistry, Mathematics, Physics, Psychology)
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

You will explore the human body and the diseases that attack it. You will learn about the cellular and molecular basis of diseases, and discover how to detect, diagnose, prevent and treat them.

Your theoretical knowledge will be complemented with practical labs and research opportunities. As well as Oxford Brookes lecturers and technical staff, you will also learn from experts working within the Oxford University NHS Foundation Trust.

This course is accredited by the Institute of Biomedical Science.

After you graduate

Our students pursue careers in a variety of fields including clinical biochemistry, clinical microbiology and pathology, as well as careers allied to medicine and health care and research in academia / industry.

[www.brookes.ac.uk/
biomedical](http://www.brookes.ac.uk/biomedical)

Medical Science BSc (Hons) single honours

-  Headington Campus
-  FT 3 years, or 4 years with work placement, PT 6 years
-  See pages 18-19
-  Optional, 1 year
-  UK and international students
-  September
-  UCAS tariff points 104 including one A-level or a comparable Level 3 qualification in a science subject (for example Biology, Chemistry, Mathematics, Physics, Psychology)
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

The Medical Science degree delivers the opportunity to explore the science that underpins many areas of medicine. You will integrate the study of cells and molecules with an exploration of the physiology of body systems. As well as Oxford Brookes lecturers and technical staff, you will also learn from experts working within the Oxford University NHS Foundation Trust. Our clinical partnerships can introduce you to some of the scientific ideas in practice in hospitals today.

After you graduate

The combination of molecular and physiological subjects opens a wide choice of careers. These include those with a strong medical focus, either through research or patient-focused health care in a hospital.

www.brookes.ac.uk/medsci

EQUINE SCIENCE

Equine Science BSc (Hons) single honours

- 📍 Headington Campus, Abingdon and Witney College
- 📅 FT 3 years, or 4 years with work placement, PT study is possible
- 📖 See pages 18-19
- 📅 Optional, 1 year
- 👤 UK and international students
- 📅 September
- ✔️ UCAS tariff points 112 (if one science subject) or 104 (if two science subjects). Preferred subjects include Biology, Chemistry, Physical Education and Mathematics
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

This three-year science degree is run in partnership with Abingdon and Witney College (AWC). Most of your teaching will take place at Oxford Brookes, with some sessions at AWC's Witney Campus and the College's stud farm which produces young stock for thoroughbred sales. You will spend time with thoroughbreds as you learn about anatomy and genetics of horses. You also have the chance to participate in active research and learn from industry-experienced lecturers.

After you graduate

On graduating you will have an up-to-date understanding of scientific principles and management theories as well as the skills to implement them to progress within the equine industry or elsewhere.

www.brookes.ac.uk/equinescience

LIFE SCIENCE

Life Sciences Foundation Year

- 📍 Headington Campus
- 📅 1 year
- 👤 UK and international students
- 📅 September
- ✔️ UCAS tariff points 32
Five GCSE grade 4-9 or equivalent qualifications, including a science subject, plus two years' post-16 study. We seek to admit students who will make good scientists and accept that qualifications are not the only indicator of future potential.
For further guidance on converting your grades to UCAS points, see page 163.

What will you study

This one-year Foundation in Life Sciences provides you with the necessary scientific and mathematical background required for degree-level study in science. Successful completion of the programme allows direct entry into a wide range of three-year science degree programmes at Oxford Brookes.

After you graduate

This course is for all of our undergraduate Biosciences degrees as well as our Nutrition, Psychology, Sport and Physical Activity degrees (pages 142-143). Opportunities after graduation will depend on your degree choice.

www.brookes.ac.uk/courses/undergraduate/life-sciences-foundation

**OXFORD
BROOKES
BUSINESS
SCHOOL**

Business and Management

The Business and Management suite of courses at Oxford Brookes Business School prepares you for a rewarding management career in either big corporate, not for profit enterprises or in your own start-up business. You'll develop real-world business skills through live client focussed project work and apply your academic skills, knowledge and confidence to stand out in a competitive industry. You'll be learning from our academics who combine real-life business experiences and research in their world-class teaching.

TOP REASONS TO STUDY WITH US

You will **benefit from our strong links with a range of exciting and innovative companies**, both locally and nationally, from BMW, GE Aviation, Microsoft, HP Limited and Amazon.

You'll have the opportunity to **spend a year in a paid work placement developing valuable skills**. Recent students have spent a year with Airbus, Dior, Great Ormond Street Hospital, John Lewis, Microsoft, and PwC.

Our **academics are active in the field of research** and have worked as consultants for the UN, Red Bull Racing and KPMG to name but a few.

Business and Law BA (Hons) single honours

-  Headington Campus
-  FT 3 years, or 4 years with work placement, PT up to 8 years
-  Optional, 1 year
-  UK and international students
-  September
-  UCAS tariff points 112
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

Based in the Business School and drawing on expertise from the School of Law, you will develop an analytical and evidence-based understanding of key aspects of both business and law, including strategy, entrepreneurship, marketing, and contract and employment law. The combination of business and law allows you to develop a range of transferable skills. The course offers a wide range of optional modules to allow you to shape the course to reflect your interests and career aspirations.

After you graduate

On this course, you will gain sound business knowledge and an understanding of key areas of law that will equip you for a wide range of careers. You will also gain transferable employability skills.

[www.brookes.ac.uk/
busandlaw](http://www.brookes.ac.uk/busandlaw)

Business and Management BA (Hons) single honours

-  Headington Campus
-  FT 3 years, or 4 years with work placement, PT up to 8 years
-  Optional, 1 year
-  UK and international students
-  September or January
-  UCAS tariff points 112
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

On this course, you will be introduced to a range of business and management theories alongside an exploration of contemporary business practices in an international context. You will gain insight and experience into real world businesses through a range of consultancy projects, field trips and live case study work. Alongside your academic learning, you will develop skills and awareness associated with employability, responsible management and enterprise. You are encouraged to spend your third year on a work placement which will allow you to gain fundamental workplace skills as well as key connections from your chosen sector.

After you graduate

You will gain the skills and business awareness needed in various settings such as businesses, charities or education. Some students go on to graduate schemes in companies like Aldi, O2 and Dell.

www.brookes.ac.uk/busman

Business, Enterprise and Entrepreneurship BA (Hons) single honours

-  Headington Campus
-  FT 3 years, or 4 years with work placement, PT up to 8 years
-  See pages 18-19
-  Optional, 1 year
-  UK and international students
-  September
-  UCAS tariff points 112
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

This course prepares you to develop your own business start-up or to become more entrepreneurial in whatever future field of work you choose to do. The course explores core areas of business and management, alongside subjects relevant to entrepreneurship; like creativity, innovation and risk management. You will interact and work with entrepreneurs from a range of businesses. Under close supervision by the teaching team, you may be able to transfer onto a suite of work-based learning modules, which allow you to complete your degree whilst engaging in a business venture. You also have the option of a year in the industry where you will gain invaluable experience and connections. You will work closely with the University's Brookes Enterprise Support team where you can access to mentoring, start-up space and funding.

After you graduate

You will develop your enterprise and entrepreneurial skills, providing the ability to compete in a changing job market. You will gain the skills, knowledge and confidence to work in varying companies.

www.brookes.ac.uk/bee

Through interesting lectures, engaging seminars, and a placement year in industry, I was able to improve my understanding of what it takes to start up a company and begin to put it into practice with my own venture.

BEN BREAREY, BUSINESS, ENTERPRISE AND ENTREPRENEURSHIP, GRADUATE

Flexibility to personalise
First year is shared with other courses, so you can transfer to specialise in a different area. The course includes optional modules in areas like finance or governance.

Business Management and Geography BA (Hons) single honours

-  Headington Campus
-  FT 3 years, or 4 years with work placement, PT up to 8 years
-  See pages 18-19
-  Optional, 1 year
-  UK and international students
-  September
-  UCAS tariff points 112
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

This course is delivered by the Business School and the Faculty of Humanities and Social Sciences. You will benefit from an understanding of the theory and practice of both business management and geography, and will have the opportunity to develop your skills and employ the analytical tools and insights offered by the two disciplines. You'll be able to choose from a range of optional modules across both disciplines, and will also have the option of spending your third year on a work placement.

After you graduate

The nature of an interdisciplinary degree means you will be prepared for a career in a wide range of fields, including environmental management, and consultancy, as well as a career in the civil service.

[www.brookes.ac.uk/
busmangeog](http://www.brookes.ac.uk/busmangeog)

Business Management and International Relations BA (Hons) single honours

-  Headington Campus
-  FT 3 years, PT up to 6 years
-  Optional, 1 year
-  UK and international students
-  September
-  UCAS tariff points 112
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

This course combines expert teaching from the Business School and the School of Law and Social Sciences. You will benefit from an understanding of the theory and practice of both business management and international relations.

The curriculum covers the fundamentals of both subjects. You will be able to focus on specific areas of interest through a range of specialist, research-informed optional modules to reflect your interests and career aspirations. You will also have the option of spending your third year on a work placement.

After you graduate

You will be prepared for a career in a range of fields, including general or specialist business functions, international and non-governmental organisations, charities, journalism and education.

busmanintrel](http://www.brookes.ac.uk/busmanintrel)

Foundation in Business

Foundation course

-  Headington Campus
-  1 year course leading to 3-year undergraduate degree (or 4-year undergraduate degree if it involves a work placement or you take a study abroad year)
-  UK students only
-  September
-  UCAS tariff points 80
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

The Foundation in Business course helps you develop the core skills and knowledge to pursue a bachelor's degree in a business-related area. This course helps you reach the entry requirements needed for degree-level study. You will cover a variety of modules which will help you develop your current academic skills and explore your areas of interest in the subject.

After you graduate

After completing this course, our students usually go on to further study. Passing this foundation course meets the entry requirements for our undergraduate business degrees.

[www.brookes.ac.uk/
businessfoundation](http://www.brookes.ac.uk/businessfoundation)

International Business Management

BA (Hons) single honours

-  Headington Campus
-  FT 3 years, or 4 years with work placement, PT up to 8 years
-  See pages 18-199
-  Optional, 1 year
-  UK and international students
-  September
-  UCAS tariff points 112
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

This course explores the fundamentals of business and management within an international context and culturally diverse organisations. You will explore the challenges of long-term economic and environmental sustainability and a range of important contemporary issues related to international business strategy. As part of this course, you will work on international business projects and have the opportunity to undertake an exchange for one semester at a partner institution in Europe, the USA, Asia or Australia.

After you graduate

This course prepares you for a career in international organisations. Students have enjoyed exciting and challenging positions at Danone, IBM, Samsung, PayPal and other global organisations.

www.brookes.ac.uk/ibm

Communication, Media, Journalism and Publishing

Oxford is the home of many global publishing brands, and our industry network extends to many leading media organisations. Our degrees provide you with the knowledge and skills for a successful career in media and communications, journalism and publishing. You'll be learning from our expert staff who have worked in the media industries and maintain their connections through research and consultancy.

TOP REASONS TO STUDY WITH US

Our Media, Journalism and Publishing course is **ranked 1st** in the Guardian Journalism ranking 2024.

You'll benefit from being **taught by our team of sector-experienced lecturers**, many of whom are industry practitioners who can help boost your employability.

You'll get the **opportunity to develop excellent employment skills** from analytical and problem-solving skills to great team working and communication skills.

What you will study

If you understand the media, you understand the main force shaping society. And how we communicate as a society today is changing. Whether it's AI, fake news or the rise of TikTok, people are forming opinions in new ways. And now more than ever, businesses need skilled professionals who understand communications, power and the public. This course will set you up for your career in communications, media or culture. You'll get a firsthand insight into how the sector operates. And you'll develop a big-picture, strategic awareness that will see you through your career.

After you graduate

Students go on to roles in sectors like TV, NGOs, PR and marketing. You'll emerge with the skills to land your first role – and strategic and industry insight that will carry you through your career.

 September

 UCAS tariff points 120
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

This course is for students who want to work with content-producing brands, media organisations and book publishers. Accredited by the NCTJ, journalism is taught to the industry standard allowing you to develop a talent for digital news and features, multi-platform storytelling, authorship, content design and marketing. Our staff have invaluable industry experience as editors, broadcast journalists, news reporters, book publishers, authors, screenwriters, rights managers and marketeers, and they continue their connections through research and consultancy. There will be regular opportunities for industry networking, visits and work experience.

After you graduate

Career options include publishing, digital journalism, public relations, social media and content marketing, communications, radio and television, NGOs and arts organisations.

media-journalism-publishing](http://www.brookes.ac.uk/media-journalism-publishing)

Computer Science and Digital Technologies

Turn your passion for computers and technology into a rewarding career. Learn to programme and explore advanced approaches such as artificial intelligence. You will also have an opportunity to develop robust cyber secure systems. You will be taught by academics who are experts in their fields and passionate about future technology and the solutions it can provide.

TOP REASONS TO STUDY WITH US

We offer **excellent career prospects**. Our students have taken up work placements with companies including Accenture, BMW, the BBC and Sophos.

You will **use high-specification computers and networking hardware** and learn industry-standard programming skills sought after by employers.

You can **get involved in exciting projects** such as the Autonomous Vehicle Society – where you can help write code to navigate a driverless racing car.

- ✔️ UCAS tariff points 112
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

Artificial Intelligence (AI) is all around us. From the voice-activated assistant in your phone to driverless cars. We have developed this course to meet the needs of the real world. This means you will study the latest theories and technologies relating to AI. You will explore units in machine learning, robotics, software development and problem-solving. Get hands-on in state-of-the-art computer labs, with teaching delivered by leading researchers. Optional work placement provides valuable real-world experience as well as the opportunity to network.

After you graduate

Graduates leave with a deep understanding of AI, and the ability to implement novel technological solutions. Career options include AI-driven app development, machine learning and intelligent systems.

www.brookes.ac.uk/ai

Computer Science BSc (Hons) single honours

- 📍 Headington Campus
- 📅 FT 3 years, or 4 years with work placement, PT up to 8 years
- 🌐 See pages 18-19
- 📁 Optional, 1 year
- 👤 UK and international students
- 📅 September
- ✔️ UCAS tariff points 112
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

From designing apps for your phone to powering Google, it all starts with computer science. This course will give you a strong grounding in the theory and practice of computer science. You will learn about new technologies such as machine learning, AI, cyber security and programming. You also have the opportunity to spend a year working in the industry on a placement. This will add invaluable work experience to your CV and help you stand out when looking for employment as well as give you the ability to network.

After you graduate

Graduates find success in many areas, from working for major businesses to launching their own. Careers include software development, computer applications and managing IT systems for businesses.

www.brookes.ac.uk/compsci

Computer Science for Cyber Security BSc (Hons) single honours

-  Headington Campus
-  FT 3 years, 4 years with work placement, PT up to 6 years

-  Optional, 1 year
-  UK and international students
-  September
-  UCAS tariff points 112
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

You will develop fundamental skills in computer science and apply them directly to cyber security. Using the advanced penetration testing and hacking techniques, you will test the security of the websites and IT networks and will be able to design and propose secure IT solutions. Our state-of-the-art cyber security networking and server laboratories offer excellent facilities for you to use. You can also study for your Cisco CCNA professional qualifications, resulting in a recognised industry qualification. You can take a placement year, and you'll work on a dissertation investigating a current issue in cyber security.

After you graduate

There is a shortage of cyber security graduates and it's seen as a critical area by business and governments. Careers include IT professionals, digital forensic investigators and software developers.

This course is fully certified by the National Cyber Security Center (NCSC), meaning this qualification will be well-recognised in the UK and abroad.

www.brookes.ac.uk/cyber

Computing Foundation Foundation course

-  Headington Campus
-  FT 1 year, PT 2 years
-  UK and international students
-  September
-  UCAS tariff points 64
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

If you want to pursue a degree in computing but lack the necessary qualifications, our Computing Foundation course is for you. You will gain the knowledge and skills to progress to an undergraduate degree in computing. You will gain hands-on experience with the latest computing software used by the industry. You will learn programming concepts, networking and robotics. We teach mathematics at different levels and will help you to bridge any gaps in your learning.

After you graduate

After completing the course, you'll be offered admission to a computing-related degree. A computing degree can lead to careers like software development, network security and computer applications.

www.brookes.ac.uk/compf

Information Technology for Business

BSc (Hons) single honours

-  Headington Campus
-  FT 3 years, or 4 with work placement, PT up to 8 years
-  Optional, 1 year
-  UK and international students
-  September
-  UCAS tariff points 112
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

The future of almost every industry relies heavily on the need for skilled IT professionals. Our Information Technology for Business course equips you with the range of skills you need to manage IT applications in professional practice. You will learn about commercial software development, information systems, business and practical management skills. You will have access to excellent facilities and state-of-the-art technology. You will have the opportunity to put those skills into practice with a professional work placement.

After you graduate

The profile of graduates has been tailored to match the requirements of IT graduate employers. The combination of technical knowledge and business awareness will qualify you for a diverse job market.

www.brookes.ac.uk/itb

I was interested in computer science but did not have much experience so the foundation year seemed a promising option. From the foundation year, I managed to get onto one of the bachelor programmes which was a lot of fun!

ARIANNA S, GRADUATE

After 15 months, graduates from our computing degrees earn an average of £30,000.

Graduate Outcomes, Discover Uni, 2021

Education, Early Years and Teacher Training

Pursue a career in education as an early years specialist, a policy-maker, or a leader of special education and inclusion. You'll join a supportive community of academic staff and students where you can develop your interests, in the classroom or in other educational settings. Our courses are designed to equip you with the professional skills to make a lasting impact in the field.

TOP REASONS TO STUDY WITH US

Students benefit from our **strong partnerships with local schools**, early childhood and education-focused settings.

You'll **gain valuable experience through your placements** in school, early years and special education settings.

You'll **join a vibrant and supportive academic community** with school-experienced lecturers.

Early Childhood Studies BA (Hons) single honours

-  Headington Campus
-  FT 3 years, PT up to 8 years
Available as a 3 or 4 year programme, with the additional year available as a study abroad or work placement year. Support will be available to help find suitable placement opportunities.
-  See pages 18-19
-  Compulsory
A disclosure and barring (DBS) assessment is required.
-  UK and international students
-  September
-  UCAS tariff points 104
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

Early Childhood practitioners with specialist skills and professional knowledge are needed, now more than ever, to support children and families with modern challenges. You'll have opportunities to explore a range of provisions and crucial issues relating to early childhood, care and education across broad cultural and social contexts. You'll build sought-after practitioner skills for a career working with children, families and communities. You'll also gain hands-on experience through your placements and you'll graduate with credible experience on your CV.

After you graduate

You'll graduate as a confident and self-aware educational practitioner who can decisively employ the right techniques in your day-to-day practice.

You'll be equipped to enter a range of careers like teacher training, play therapy, special educational needs, educational psychology and social work.

www.brookes.ac.uk/ecs

Early Childhood Studies (Final Year Entry) BA (Hons) single honours

-  Headington, Distance Learning
-  1 year
-  See pages 18-19
-  Optional
-  UK and international students
-  September
-  Students will usually have achieved a Higher National Diploma in Early Childhood Education and Care or an equivalent relevant Early Years related level 5 qualification of 240 credits subject to individual credit rating by Oxford Brookes University.

What you will study

In a world where children's futures are uncertain, qualified early childhood graduates with specialist practitioner skills and professional knowledge are needed more than ever.

On this final year course, you'll enhance your existing knowledge base and gain a solid understanding of the theory underpinning your practice. You'll master different pedagogical approaches – identifying when, why and how to use them.

You'll receive the support and guidance to develop your professional knowledge, affording you the opportunity to make your own area of interest prevalent through your Early Years dissertation.

After you graduate

You'll graduate as a confident and self-aware educational practitioner who can decisively employ the right techniques in your day-to-day practice.

You'll be equipped to enter a range of careers like teacher training, play therapy, special educational needs, educational psychology and social work.

www.brookes.ac.uk/ecs-final-year-entry

Education Studies BA (Hons) single honours / BA or BSc (Hons) joint honours

-  Headington Campus
-  FT 3 years, PT up to 8 years
Available as a 3 or 4 year programme, with the additional year available as a study abroad or work placement year. Support will be available to help find suitable placement opportunities.
-  See pages 18-19
-  Optional
-  UK and international students
-  September
-  UCAS tariff points 104
For further guidance on converting your grades to UCAS points, see page 163.

Please see page 168 for the joint honours options.

What you will study

You'll explore child and adolescent development in education and examine historical and modern educational themes from differing perspectives. You'll cover individual diversity, inclusion, inequalities and education systems while learning about the role of policy and alternative education provision and practice. You also have the option to transfer to our Special Educational Needs, Disabilities and Inclusion (SENDI) pathway at the end of your first year. This will allow you to explore the experiences of children who have additional or complex learning needs.

After you graduate

You will be prepared for careers in the public or private sectors. Previous graduates have positions in teaching, family liaison, social work, human resource management and educational psychology.

[www.brookes.ac.uk/
edustudies](http://www.brookes.ac.uk/edustudies)

Education Studies – SEN, Disabilities and Inclusion BA (Hons) single honours

-  Headington Campus
-  FT 3 years, PT up to 6 years
Available as a 3 or 4 year programme, with the additional year available as a study abroad or work placement year. Support will be available to help find suitable placement opportunities.
-  See pages 18-19
-  Compulsory
A disclosure and barring (DBS) assessment is required.
-  UK and international students
-  September
-  UCAS tariff points 104
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

Education Studies: SEN, Disabilities and Inclusion (SENDI) gives you the chance to explore the experiences of children and young people who can find themselves marginalised or excluded from traditional educational settings. You'll gain an understanding of diverse learning needs and explore a broad range of special educational needs and disabilities, such as: the experiences of children in care, young carers and young people not in employment. You'll also have the opportunity to gain real-world educational experience working in the Alternative Provision sector.

After you graduate

The Education Studies (SENDI) award provides a good foundation for a broad range of professional careers including: interventional support in schools, and various roles in health and social care.

TEACHER TRAINING

Primary Teacher Education (Campus-Based) BA (Hons) single honours

- 📍 Headington Campus
- 📅 FT 3 years
- 📎 Compulsory
All applicants will be assessed for fitness to practise. A disclosure and barring (DBS) check will also be made.
- 👤 UK and international students
- 📅 September
- ✔️ UCAS tariff points 104
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

The Oxford Brookes Initial Teacher Education and Training (ITET) curriculum provides you with the knowledge and practical skills you need to begin a career in primary teaching and secure positive outcomes for every child. Your course will involve learning on-campus and on-placement, focusing on both subject and phase specific content. Placements will provide you with the opportunity to learn with expert mentors across a range of schools and a variety of key stages. At every step of the way, you will be supported by university tutors and teaching professionals who enable beginner teachers to thrive by providing expert academic, professional and pastoral support.

After you graduate

Graduating with Qualified Teacher Status, you will have the professional attributes, subject knowledge and teaching skills required to begin your career as an Early Career Teacher (ECT). Graduates often secure posts in primary schools locally and nationally.

English, Drama and Creative Writing

Oxford offers an unmatched literary history. Be inspired and challenged in the perfect place to study English literature, theatre and creative writing. You'll gain analytical and communication skills that are highly valued by employers. You'll enjoy fascinating exchanges of ideas about literature, culture and society from the Renaissance to the present day. And you'll gain real-life experiences through our excellent partnerships.

TOP REASONS TO STUDY WITH US

You'll **benefit from outstanding teaching by world-class academics** who are active researchers and leaders in their field.

You'll **gain real-life experience** and explore our partnerships by taking opportunities in and around Oxford.

You'll **develop excellent employment skills** in our courses, from analytical and problem-solving abilities to great teamwork and communication skills.

COURSES IN THIS SECTION

Drama, Theatre and Acting BA (Hons)	page 98
English Literature BA (Hons)	page 98
English Literature with Creative Writing BA (Hons)	page 99
English Literature with a Foundation Year Foundation course	page 99

Drama, Theatre and Acting BA (Hons) single honours

-  Headington Campus
-  FT 3 years, PT 6 years
Available as a 3 or 4 year programme, with the additional year available as a study abroad or work placement year. Support will be available to help find suitable placement opportunities.
-  See pages 18-19
-  Compulsory
-  UK and international students
-  September
-  UCAS tariff points 104
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

You'll join an exciting course that combines the conservatoire-style study of acting and performance with the strengths of an academic approach to drama and performance from Shakespeare's era to today. You'll learn through a carefully curated mix of theory and practice in most of your modules. You'll be partly taught at the Old Fire Station, a professional theatre in the centre of Oxford. You'll learn through an eclectic mix of theoretical and practical modules and examine contemporary pieces that deal with political and social issues.

After you graduate

Our aim is for you to become an engaged and responsible citizen who believes that the arts can positively change the world. Many of our graduates go into jobs within theatre and the arts, while others enter other sectors of the economy. Previous students have taken up jobs with organisations such as the Duckegg Theatre, the British Museum, Hestia Charity and the UK Civil Service.

www.brookes.ac.uk/dta

English Literature BA (Hons) single honours / BA (Hons) joint honours

-  Headington Campus
-  FT 3 years, PT 6 years
Available as a 3 or 4 year programme, with the additional year available as a study abroad or work placement year. Support will be available to help find suitable placement opportunities.
-  See pages 18-19
-  Optional
-  UK and international students
-  September
-  UCAS tariff points 104-120
For further guidance on converting your grades to UCAS points, see page 163.

Please see page 168 for the joint honours options.

What you will study

You'll read and engage with a diverse range of literature and examine major issues that have affected society across the centuries. From Shakespeare to the present day, you'll explore authors and ideas that have shaped how we see the world, including topics such as climate fiction, fairy tales, transgression and visions of the future. Challenge your beliefs and develop your awareness of the world while gaining the skills you need for life after university. You'll also have the opportunity to undertake a work placement, internship or entrepreneurial project.

After you graduate

Recent graduates have acquired roles in publishing, journalism, advertising and media, and teaching. Others have gone on to further study such as our English Literature or Creative Writing MAs.

www.brookes.ac.uk/englit

English Literature with Creative Writing BA (Hons) single honours

-  Headington Campus
-  FT 3 years, PT 6 years
Available as a 3 or 4 year programme, with the additional year available as a study abroad or work placement year. Support will be available to help find suitable placement opportunities.
-  See pages 18-19
-  Optional
-  UK and international students
-  September
-  UCAS tariff points 104
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

Develop your creativity and focus as a writer with the support of an academic team who are themselves published authors and experts in their research fields. As well as learning the core skills of critical reading and creative writing, you will focus on the area of literature that inspires you the most. Follow your passions and discover new strengths and creative talents. Take one creative writing module a year throughout your degree, plus an extended creative project in your final year. Always closely supported by experts.

After you graduate

Recent graduates have entered careers in publishing, journalism, advertising and media, teaching, and commerce. Others have gone on to further study – for example with our Creative Writing MA.

www.brookes.ac.uk/englishcw

English Literature with a Foundation Year Foundation course

-  Headington Campus
-  Full time: 1-year foundation course leading to 3-year undergraduate degree (or 4-year undergraduate degree if it involves a work placement or you take a study abroad year).
-  See pages 18-19
-  Optional
-  UK and international students
-  September
-  UCAS tariff points 72
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

English Literature with a Foundation Year is a specialised integrated degree programme that allows you to develop academic skills crucial to university studies like critical analysis, essay writing and collaboration. In your first year, you will undertake our Foundation programme, and you will then progress to the three-year undergraduate course in English Literature, with an opportunity to undertake optional study abroad or work placement. We'll support you as you get to know your strengths and build your knowledge, while developing transferable skills for a variety of sectors.

After you graduate

Recent graduates have acquired roles in publishing, journalism, advertising and media, and teaching. Others have gone on to further study with our English Literature or Creative Writing MAs.

KONEN

Health and Social Care

If you want a career in nursing, midwifery, social work or one of the allied health professions (AHPs) we can give you a great start. All our degrees are approved by regulatory bodies including the Nursing and Midwifery Council and the Health and Care Professions Council. We have a long-standing reputation for the quality of our teaching and research, and for providing a warm and supportive environment in which to learn.

TOP REASONS TO STUDY WITH US

Courses are underpinned by internationally leading research from the Oxford Institute of Applied Health Research (OxINAHR), which is based at Oxford Brookes.

Ranked 1st for Children's Nursing, 2nd for Midwifery, and 8th for Health Professions in the Guardian subject rankings 2024.

Build your skills in our simulation centre and apply them through a diverse range of practice placements, including with the NHS, private, voluntary, and independent organisations.

We also offer some of the modules from the above degrees as stand-alone learning. For more information, visit: www.brookes.ac.uk/hls/cpd

Occupational Therapy BSc (Hons) single honours

-  Headington Campus (Marston Road Site)
-  FT 3 years
-  Compulsory
All applicants will be screened for fitness to practise. A disclosure and barring (DBS) check will also be made.
-  UK and international students
-  September
-  UCAS tariff points 112 including one A-level or a comparable Level 3 qualification in a science subject.
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

Occupational therapy helps people with various physical, social and mental health needs to participate in everyday life. On this course you will develop the skills and knowledge you need to work as an occupational therapist in different health and social care environments and with people of all ages. Graduation from this course will enable you to register as an occupational therapist in the UK.

After you graduate

Career opportunities include specialist areas of practice, research, teaching and management. Graduates work in the NHS, education, social care or charitable settings, both in the UK and abroad.

www.brookes.ac.uk/ot

Paramedic Science BSc (Hons) single honours

-  Headington Campus (Marston Road Site)
-  FT 3 years
-  Compulsory
All applicants will be screened for fitness to practise. A disclosure and barring (DBS) check will also be made.
-  UK and international students
-  September
-  UCAS tariff points 112 including one A-level or a comparable Level 3 qualification in a science subject (eg Biology, Chemistry, Mathematics, PE, Physics, Psychology).
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

Paramedics are registered healthcare professionals, providing unscheduled assessment and management to patients who have various illnesses or injuries. You will learn the clinical skills, knowledge and resilience, from experience in multiple clinical settings, to care for patients with urgent or emergency healthcare needs. Your course includes academic modules, various clinical placements and simulation-based education.

After you graduate

Paramedics can develop specific areas of expertise including clinical practice, critical care, education, forensic medicine, leadership roles, providing urgent and emergency care, remote medicine, and research.

www.brookes.ac.uk/paramedic

Physiotherapy BSc (Hons) single honours

 Headington Campus (Marston Road Site)

 FT 3 years

 Compulsory

All applicants will be screened for fitness to practise. A disclosure and barring (DBS) check will also be made.

 UK and international students

 September

 UCAS tariff points 128 including 40 UCAS tariff points from one A-level or a comparable Level 3 qualification in a biological science subject (For example Biology, Physical Education, Psychology).

For further guidance on converting your grades to UCAS points, see page 163.

What you will study

This course focuses on the promotion, restoration and maintenance of health and well-being. It uses an enquiry-based style of learning combined with a focus on physical approaches. By sharing some modules with other health and social care students it will prepare you to work with a variety of healthcare professionals. The course is approved by the Health and Care Professions Council (HCPC) and the Chartered Society of Physiotherapy (CSP).

After you graduate

As a registered physiotherapist, you can work in a range of clinical settings including acute, community and third-sector care services as well as leadership or research roles.

www.brookes.ac.uk/physio

Midwifery BSc (Hons) single honours

 Headington Campus (Marston Road Site)

 FT 3 years; post-experience 2 years

 Compulsory

All applicants will be screened for fitness to practise. A disclosure and barring (DBS) check will also be made.

 UK and international students

 September

 UCAS tariff points 120 including one A-level or a comparable Level 3 qualification in a science or social science subject.

For further guidance on converting your grades to UCAS points, see page 163.

What you will study

Midwives care for women and their families throughout pregnancy, birth and the postnatal period. They have an important role in promoting health and wellbeing. They are experts in, and the lead professionals for, women experiencing normal physiological childbirth. They also provide and coordinate care, in partnership with other professionals, for women who have more complex needs. Our course prepares students for all aspects of midwifery and has a focus on public health and physiology.

After you graduate

As a registered midwife, you will have the opportunity to practise in hospital and community settings, pursue independent practice, or develop your career in specialist settings.

www.brookes.ac.uk/midwifery

Nursing (Adult) BSc (Hons) single honours

-  Headington Campus (Marston Road Site) or Swindon Campus
-  FT 3 years, PT up to 8 years maximum (limited part-time places available)
-  Compulsory
All applicants will be screened for fitness to practise. A disclosure and barring (DBS) check will also be made.
-  UK and international students
-  September
-  UCAS tariff points 104
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

Our adult nursing degree will educate you how to care for people in a variety of settings, meeting their mental and physical health needs across their lifespan. You will develop knowledge of delivering person-centred care, using practical nursing skills, understanding the theoretical underpinning of current health systems, promoting health and meeting the complex needs of people in your care. You will work flexibly with other health and social care professionals, in collaboration with service users and carers to optimise healthcare outcomes.

After you graduate

As a registered adult nurse, you can develop your career in a range of settings, for example in wards where medical or surgical treatment is given, intensive care units and operating theatres.

NMC Nursing & Midwifery Council

www.brookes.ac.uk/adult

Nursing (Children's) BSc (Hons) single honours

-  Headington Campus (Marston Road Site)
-  FT 3 years
-  See pages 18-19
-  Compulsory
All applicants will be screened for fitness to practise. A disclosure and barring (DBS) check will also be made.
-  UK and international students
-  September
-  UCAS tariff points 112 including one A-level or a comparable Level 3 qualification in a science subject.
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

Our Children's Nursing course prepares you to be a confident, professional practitioner, able to care for patients within an ever-changing health and social care environment.

You'll gain experience within Oxfordshire hospitals, community practices and specialist children's nursing placements in surrounding counties. You'll train in a safe learning environment under Simulated-Practice Learning (SPL) within skills labs that resemble real hospital clinics.

After you graduate

You'll be ready for employment within children's healthcare shortly after graduation. You can expect to enter a career in clinical practice within hospitals or communities, management, nurse education, or research.

NMC Nursing & Midwifery Council

www.brookes.ac.uk/childrens

Nursing (Mental Health) BSc (Hons) single honours

-  Headington Campus (Marston Road Site)
-  FT 3 years, PT up to 8 years maximum (limited part-time places available)
-  See pages 18-19
-  Compulsory
All applicants will be screened for fitness to practise. A disclosure and barring (DBS) check will also be made.
-  UK and international students
-  September
-  UCAS tariff points 104 including one A-level or a comparable Level 3 qualification in a science subject
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

On our Nursing (Mental Health) course, you'll work with people with many differing mental health care needs, their families and carers. You'll gain a wide variety of experience with excellent opportunities throughout Oxfordshire and specialist placements available in the surrounding counties. You will also undertake mental-health-focused simulated practice learning.

After you graduate

As a graduate, you'll be well prepared to work as a band 5 staff nurse in a range of settings. With more demand for mental health nurses than ever before, you'll find your options are varied.

www.brookes.ac.uk/mentalhealth

Nursing Associate FdSc

-  Swindon Campus
-  FT 2 years
-  UK and international students
-  September
-  A work based level 3 qualification relevant to health care or a level 3 NVQ or other vocational or A level qualification.

What you will study

Our Nursing Associate foundation degree course is ideal for people who want to work as a nursing associate or progress onto a nursing degree. The course broadens the routes into working in healthcare and helps you to take the next step in developing your skills, knowledge and experience whether you're currently a healthcare employee or are looking for a change of career.

On this course, you'll develop a range of practical skills and knowledge to allow you to make a real difference to the quality of life and care of people of all ages. You'll develop skills in evidence-based practice, teamwork and leadership, communication and interpersonal skills, and enhanced care delivery and problem-solving approaches to clinical practice.

After you graduate

By completing this course, you'll gain professional registration with the Nursing and Midwifery council as a Nursing Associate. It is a stand alone role, providing an opportunity to work in the NHS, independent or private sector, caring for people in their own home, community or hospital settings. You'll also graduate with a FdSc Nursing Associate awarded by Oxford Brookes, which will allow you to progress on to the adult nursing degree.

www.brookes.ac.uk/nursing-assoc

SOCIAL WORK

Social Work BA (Hons) single honours

📍 Headington Campus (Marston Road Site)

📅 FT 3 years, PT up to 6 years

📎 Compulsory

All applicants will be screened for fitness to practise. A disclosure and barring (DBS) check will also be made.

👤 UK and international students

📅 September

✔ UCAS tariff points 104

For further guidance on converting your grades to UCAS points, see page 163.

What you will study

Being a confident social worker means helping people in diverse and changing social contexts. If you're interested in becoming a social worker, our Social Work BA leads to the qualification you need. Our degree consistently delivers high-quality social work education. We have been approved by, and teach to, Social Work England (SWE) Standards of Proficiency for Social Workers in England, and the British Association of Social Workers (BASW) Professional Capabilities Framework (PCF). Your practice-based learning includes two work placements.

After you graduate

As a graduate, you can apply for social work registration in England with Social Work England. Graduates have gone on to work in a variety of settings in charities, private and public bodies.

socialwork](http://www.brookes.ac.uk/socialwork)

CAREER DEVELOPMENT

Professional Development in Health and Social Care BSc (Hons) single honours

📍 Distance learning

📅 FT 1 year, PT 2 years

👤 UK and international students

📅 September

✔ Applicants will typically have a Diploma in Higher Education and will be working in a health or social care-related role. Offers will depend on experience and/or previous academic study.

What you will study

This top-up degree is designed for students already working in health, allied health or social care. It allows you to build your qualifications up to a full university degree with honours. It is an opportunity to use your work experience as a foundation for academic study which is highly relevant to your role. The modules focus on areas of quality enhancement, mentoring, leadership and evidence-based practice. We encourage you to link your studies to your professional practice through discussion and work-based learning.

After you graduate

Successful completion of the degree will support your continuous professional development, overall employability and enable further study at postgraduate level.

-  UK and international students
-  September
-  UCAS tariff points 104
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

There is a strong harmony between the disciplines of fine art and history of art. Experience in making art deepens the understanding of past practices studied by art historians, while knowledge about the development of art in the past broadens the frame of reference informing the work of practising artists. The two subjects offer a particularly strong grounding for those interested in careers in museums and galleries, from curating to art education, or for students interested in teaching art and/or art history in schools, but also opens many other career possibilities.

After you graduate

This course is appropriate for careers in a range of cultural roles such as artist, curator, journalist, arts manager, gallery assistant, teacher, as well as being appropriate for postgraduate study.

fa-historyart](http://www.brookes.ac.uk/fa-historyart)

History BA (Hons) single honours / BA (Hons) joint honours

-  Headington Campus
-  FT 3 years, PT up to 6 years
Available as a 3 or 4 year programme, with the additional year available as a study abroad or work placement year. Support will be available to help you find suitable placement opportunities.
-  See pages 18-19
-  Optional
-  UK and international students
-  September
-  UCAS tariff points 104-120
For further guidance on converting your grades to UCAS points, see page 163.

Please see page 169 for the joint honours options.

What you will study

A history degree is about far more than studying the past. Uncover answers to issues that could affect everyone's future. And, by studying in Oxford, you'll be among great museums and famous historical sites. You'll look at 500 years of British, European and American history to reveal the origins of our modern world. We delve into a huge range of topics, from Marxism to medicine, religion to revolution, and conservatism to crime. With a range of modules, each designed and taught by an expert in that area, you'll always benefit from our latest research.

After you graduate

Our degree will help make you a versatile employee. One of our graduates is a photojournalist for National Geographic. Others are working in advertising, journalism, banking and retail.

www.brookes.ac.uk/history

History with a Foundation Year BA (Hons) single honours / BA (Hons) joint honours

-  Headington Campus
-  1-year foundation course leading to 3-year undergraduate degree (or 4-year undergraduate degree with the additional year available as a study abroad or work placement year). Support will be available to help you find suitable placement opportunities.
-  UK and international students
-  September
-  UCAS tariff points 72
For further guidance on converting your grades to UCAS points, see page 163.

Please see page 169 for the joint honours options.

What you will study

History with a Foundation Year is an integrated degree programme, that enables you to develop academic skills crucial to university studies, such as critical analysis, academic writing and collaboration. In your first year, you will undertake our Foundation in Humanities course, and you will then progress to the three-year undergraduate programme, with an opportunity to do an optional study abroad or work placement. With the diverse experience, confidence and skills you'll gain, you'll be fully prepared for a career in a variety of sectors.

After you graduate

You might consider jobs in advertising or journalism. One of our graduates is a photojournalist for National Geographic. Others are working in advertising, banking and retail.

History of Art BA (Hons) single honours / BA (Hons) joint honours

-  Headington Campus
-  FT 3 years, PT up to 6 years
Available as a 3 or 4 year programme, with the additional year available as a study abroad or work placement year. Support will be available to help you find suitable placement opportunities.
-  See pages 18-19
-  Optional
-  UK and international students
-  September
-  UCAS tariff points 104-120
For further guidance on converting your grades to UCAS points, see page 163.

Please see page 169 for the joint honours options.

What you will study

This course provides you with the opportunity to deepen your knowledge and appreciation of the history of art, from the Renaissance to modernism. In a stimulating and enriching environment, you will be taught by specialists in painting, architecture, sculpture, design and art theory. You will undertake guided visits to museums and galleries in Oxford and London, and an outstanding feature of this course is the field trip to Paris taken in Year 2. If you are keen on a career in the art world you can develop your curating skills in the Curatorial Practice module.

After you graduate

Recent graduates have taken up posts in the Ashmolean Museum, the National Portrait Gallery and Sotheby's. Others are currently working in arts journalism and teaching or have gone onto further study.

Foundation in Humanities Foundation course

- 📍 Headington Campus
- 📅 FT 1 year, PT 2 years
- 👤 UK and international students
- 📅 September
- ✔️ UCAS tariff points 72
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

Our Foundation in Humanities course lets you examine a broad range of humanities subjects such as history, philosophy, English language and English literature, while developing your oral, written and interpersonal skills. Our course is ideal if you want to study at Oxford Brookes but need to supplement your A-levels, or if you are returning to study after a long break. Throughout the course, your academic adviser will provide advice and support and will help you explore options for continued study.

After you graduate

The Foundation in Humanities fully prepares you for degree-level study, and guarantees you a place on the majority of Oxford Brookes undergraduate courses in humanities and social sciences.

Languages

In today's globalised economies, language and communication skills are highly valued by transnational employers. With our internationally recognised language teaching, you'll learn to communicate appropriately and effectively in a variety of situations (oral presentation to an audience, written report and other authentic assessments). You'll learn about national history, conventions and cultural factors, and the business working environment, enabling you to graduate with a globalised perspective that will make you stand out from others in your career.

TOP REASONS TO STUDY WITH US

You'll **gain the fundamental skills and global experience to succeed** in your chosen career in the UK or internationally.

You can start Japanese from scratch. **Your studies offers the opportunity of a full-year study abroad** in Japan, and interactions with Japanese students through buddy schemes and language exchange modules.

On the BA in Modern Languages with Translation **you can study one or two languages from a range of options** such as French, Spanish, Mandarin or Korean and gain professional knowledge of translation. You can join with no previous language study, or you can advance your existing language proficiency.

COURSES IN THIS SECTION

Japanese Studies BA (Hons)

Modern Languages with Translation BA (Hons)

page 122

Japanese Studies

BA (Hons) single honours / BA (Hons) joint honours

-  Headington Campus
-  FT 3 years, 4 years with a work placement or year abroad, PT up to 8 years
-  See pages 18-19
-  Optional, 1 year
-  UK and international students
-  September
-  UCAS tariff points 104
For further guidance on converting your grades to UCAS points, see page 163.

Please see page 169 for the joint honours options.

What you will study

Gain insights into Japanese history and culture while learning to speak, read and write the Japanese language. You'll study aspects of Japanese society and culture, from ancient Shinto customs to modern manga cartoons. You'll develop strong language skills ranging from conversation to translation. Opting for a year abroad, allows you to develop your command of the language as well as a deeper understanding of the culture, country and people.

After you graduate

Graduates have found positions at the Japan Foundation and the Japanese Embassy in London. Others have worked in tourism, international management and media, translation and language teaching.

www.brookes.ac.uk/japanese

Modern Languages with Translation

BA (Hons) single honours

-  Headington Campus
-  FT 3 years, 4 years with a work placement, PT 6 years, or 7 years with a work placement.
Available as a 3 or 4 year programme, with the additional year available as a study abroad or work placement year. Support will be available to help find suitable placement opportunities.
-  See pages 18-19
-  Optional
-  UK and international students
-  September
-  UCAS tariff points 104-112
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

Develop your professional skills as a linguist by tailoring your degree to your interests. Study one language with the option of adding another language. Gain specialised knowledge in translation and pick one or more professional options in business, education or international relations and politics. In the second year, you decide whether to continue your second language and/or choose more professional options. You also review whether to go on the year abroad for first-hand experiences. Alongside your modern language studies you'll also gain key skills for working and living globally.

After you graduate

Previous graduates have progressed in fields such as media, teaching, publishing, tourism and travel, and NGOs and international development. Many also progress to postgraduate study.

translation](http://www.brookes.ac.uk/modern-languages-with-translation)

Law and Criminology

When you study with us you'll examine pressing legal issues facing today's global societies and how crime impacts the world today. As a law student, you'll develop an excellent understanding of the legal system and the role of law in society. As a criminologist, you'll investigate the causes of criminal behaviour and its impact on society. You'll learn from leading researchers – both legal and criminological – and have opportunities to build knowledge and skills that are attractive to employers.

TOP REASONS TO STUDY WITH US

You'll be **taught by world-class researchers** so your learning will always be underpinned by the latest developments in your field.

As a law student, there are **opportunities to take part in career-enhancing events and programmes** such as guest lectures, law fairs, mentorship programmes, pro bono work schemes and mock trials with real judges and legal practitioners.

You can **gain practical experience through our Criminology Work Placement Scheme module**. And you'll gain an excellent foundation, enabling you to pursue a career as a criminology practitioner or in any other field.

Please see page 167 for the joint honours options.

What you will study

Study criminology at Oxford Brookes and you'll try to answer some of society's biggest questions, exploring who commits crimes and why. While many criminology courses are taught from a criminal justice angle, we're a bit different at Oxford Brookes. You'll study the subject from a much broader, interdisciplinary perspective. You'll look at the social causes of crime. You'll consider how race, gender and class overlap and define our perceptions. And most importantly, you'll learn to challenge common misconceptions that can cause inequality in the justice system.

After you graduate

Graduates often choose to work in law enforcement or the criminal justice system. But your skills will be ideal for a wide range of destinations including NGOs, local authorities and security firms.

[www.brookes.ac.uk/
criminology](http://www.brookes.ac.uk/criminology)

Criminology with a Foundation Year Foundation Course

-  Headington Campus
-  1-year foundation course leading to 3-year undergraduate degree (or 4-year undergraduate degree with the additional year available as a study abroad or work placement year). Support will be available to help find suitable placement opportunities.
-  UK and international students
-  September
-  UCAS tariff points 72
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

Criminology with a Foundation Year is an integrated degree programme, that enables you to develop academic skills crucial to university studies, such as critical analysis, academic writing and collaboration.

In your first year, you'll undertake our Foundation in Humanities course, and you'll then progress to the three-year undergraduate programme in Criminology, with an opportunity to do an optional study abroad or work placement, as an additional year. With the diverse experience and skills you'll gain, you'll be fully prepared for a career in a variety of sectors.

After you graduate

Criminology graduates often choose to work in law enforcement or the criminal justice system. But those aren't your only options. Your skills will be ideal for a wide range of career destinations including NGOs, charities, local authorities, crime consultation, community support, security firms and research.

[www.brookes.ac.uk/

-  September
-  UCAS tariff points 104
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

Explore crime and crime control while mastering key concepts within law. On this course, you'll study essential criminology themes like criminal justice, policing and digital crime. You'll also examine highly relevant legal subjects like human rights, criminal law and computer law. You'll develop sought-after career skills – like problem-solving, analysis, project management and persuasive communication. You'll also have the opportunity to do a work placement in an area like prison services, police, charities or schools.

After you graduate

Graduates may progress to careers in criminal justice, charity and human rights. They might also work for local authorities, community support services or go on to further study.

www.brookes.ac.uk/crimlaw

We have great discussions in seminars; they really open your mind to how criminology relates to many aspects of your day-to-day life.

Marketing Management BA (Hons)	page 133

WE ALSO OFFER:

Business and Marketing Management BA (Hons)

Final Year Entry, September or January.

For full details see www.brookes.ac.uk/busmark-topup

Business and Marketing Management BA (Hons) single honours

-  Headington Campus
-  FT 3 years, or 4 years with work placement, PT up to 8 years
-  See pages 18-19
-  Optional, 1 year
-  UK and international students
-  September or January
-  UCAS tariff points 120
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

You will develop the skills needed in business today and prepare you for future challenges. You will explore a variety of marketing and business concepts and develop the skill set needed to tackle real-world problems, including critical analysis and problem-solving, and to communicate complex ideas effectively. Input from expert practitioners and applied coursework projects will enhance your learning experience, helping to prepare you for the world of work. You will be encouraged to undertake a one-year work placement to enhance your CV and gain connections.

After you graduate

This course prepares you for a managerial career in business, marketing, retail or logistics. Many students go on to graduate schemes in companies such as Chelsea Football Club, Virgin Intel and Lego.

www.brookes.ac.uk/busmark

Digital Marketing BA (Hons) single honours

-  Headington Campus
-  FT 3 years, or 4 years with work placement, PT up to 8 years
-  See pages 18-19
-  Optional, 1 year
-  UK and international students
-  September or January
-  UCAS tariff points 120
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

Our Digital Marketing course will prepare you for the latest challenges in reaching an audience through a range of digital channels. You will be immersed in an employer-focussed course, working on real-world marketing projects, and working in our new Social Media Lab that is equipped with the latest industry-standard tools and software such as Google Analytics and Brandwatch. This course will build upon your experiences of digital marketing as a consumer to develop a more rounded appreciation of the application of digital marketing tools and techniques and their integration into a broader marketing strategy.

After you graduate

Increasing employability is embedded in this course and it is expected that you will graduate into a broad range of roles, including marketing analytics, digital media and social media management.

www.brookes.ac.uk/digital-marketing

Marketing Management BA (Hons) single honours

-  Headington Campus
-  FT 3 years or 4 years with work placement, PT up to 8 years
-  See pages 18-19
-  Optional, 1 year
-  UK and international students
-  September or January
-  UCAS tariff points 120
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

This course will deepen your understanding of how marketing is planned, implemented and controlled. You'll explore the fundamental concepts of marketing, including strategic marketing, planning and management. Our teaching approach blends theory and practise through a wide variety of activities including live client projects as well as engagement with marketing practitioners. You will develop your employability skills throughout the course and will be encouraged to undertake a one-year work placement.

After you graduate

Graduates might use the degree to take on a general marketing role or graduate traineeship in a large organisation or to focus on a more specialised role in digital marketing or brand management.

CIM
Accredited Degree

idm the institute
of direct
and digital
marketing

[www.brookes.ac.uk/
marketing](http://www.brookes.ac.uk/marketing)

All the modules are incredibly engaging, the senior academics all want you to do really well so offer lots of support, the workload is evenly distributed and you work on projects that you like to do.

**TOM KNOTT, MARKETING MANAGEMENT,
GRADUATE**

We are committed to ensuring our marketing courses remain relevant and up to date. As a result, our courses are subject to periodic review which may result in changes to the course structure.

Mechanical Engineering and Motorsport

Turn your passion for road cars, race cars or design into an exciting career at Oxford Brookes. We have a long-standing reputation for top-quality engineering and motorsport degrees, and our links with Formula 1 and leading firms give you access to outstanding work placements. You can gain hands-on experience with the most successful UK Formula Student team, designing and building the Oxford Brookes Racing car.

TOP REASONS TO STUDY WITH US

Our **motorsport, automotive and mechanical engineering courses are fully accredited** by one or more professional, statutory or regulatory body (PSRB).

You'll be **using industry-standard facilities**, including engine test cells and a four-post dynamic rig for analysing rigid body and vehicle dynamics.

Students **benefit from our strong links with F1 teams**, including work placements and recruitment opportunities.

Top-up.

For full details see www.brookes.ac.uk/eleng

Automotive Engineering with Electric Vehicles

BEng (Hons) single honours / MEng

-  Headington Campus
-  FT BEng: 3 years, or 4 years with placement; MEng: 4 years, or 5 years with placement, PT BEng: up to 8 years; MEng: up to 9 years
-  See pages 18-19
-  Optional, 1 year
-  UK and international students
-  September
-  UCAS tariff points 112-120 (BEng) or 128 (MEng) – to include Mathematics and Physics, Chemistry or Engineering For further guidance on converting your grades to UCAS points, see page 163.

What you will study

The automotive industry is embarking on a journey of vital change as the world looks to move away from fossil-fuelled vehicles. This course has been designed to equip you with the skills and knowledge for a career in this exciting field. You will study key engineering principles as well as design, management, dynamics and stress analysis. You will get hands-on in the laboratories as you explore the future technologies that will power our cars.

After you graduate

Our work placement programme is commended by professional bodies as a model of excellence. Employers include Aston Martin, Bentley, BMW, Cosworth, Cummins, Ford, Jaguar Land Rover and Nissan.

www.brookes.ac.uk/automotive

Electro-Mechanical Engineering

BEng (Hons) single honours

-  Headington Campus
-  FT 3 years, or 4 years with placement PT 6 years
-  See pages 18-19
-  Optional, 1 year
-  UK and international students
-  September
-  UCAS tariff points 112 – preferred subjects include Science and/or Design/Technology, or Mathematics For further guidance on converting your grades to UCAS points, see page 163.

What you will study

In this course, you will explore how mechanical engineering, computing and electronics combine to produce modern appliances and systems. You will learn to design and build electro-mechanical systems and discover how the computing that controls them works. You'll find solutions for industry problems, take design ideas and turn them into computer models, and create your own design solutions for your work portfolio. You will explore emerging technologies and study units in power systems, electrical engineering and high performance Engineering Design.

After you graduate

We've designed this course to give you the theoretical knowledge and practical skills to solve real industry problems and start a career working on exciting projects at the cutting-edge of technology.

www.brookes.ac.uk/electro-mech

Engineering Foundation Foundation course

-  Headington Campus
-  FT 1 year foundation course leading to a 3 or 4-year degree course
PT 2 years
-  UK and international students
-  September
-  UCAS tariff points 56
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

You will gain hands-on experience with real engine components in the laboratories. You will be introduced to the mathematical and scientific principles in engineering. As you progress through the year, you will be encouraged to get creative and explore various engineering disciplines.

The course leads to one of the BEng (Hons) degree courses offered in engineering at Oxford Brookes. During the second semester, you will choose your preferred area of engineering, from automotive, mechanical, motorsport and electro-mechanical.

After you graduate

Our course usually leads to one of our BEng (Hons) or MEng (Hons) engineering courses as well as excellent career prospects.

[www.brookes.ac.uk/
engfound](http://www.brookes.ac.uk/engfound)

This course has proved that Engineering can be taught understandably, simply, in a fun and engaging way.

Mechanical Engineering BEng (Hons) single honours / MEng

-  Headington Campus
-  FT BEng: 3 years, or 4 years with placement; MEng: 4 years, or 5 years with placement
PT BEng: up to 8 years; MEng: up to 9 years
-  See pages 18-19
-  Optional, 1 year
-  UK and international students
-  September
-  UCAS tariff points 112 (BEng) or 128 (MEng) – to include Mathematics and Physics, Chemistry or Engineering
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

Mechanical Engineering is the grounding of all other engineering disciplines. This course develops you into a skilled incorporated/ chartered engineer, with the potential to excel in all sectors, from aerospace to automotive. The course covers engineering science, applied mathematics, manufacturing techniques, electronics, graphics and design. You'll gain practical skills and experience by manufacturing a model Stirling engine in our workshop. There are work placement opportunities with companies such as Southern Electric, European Space programme and Rolls-Royce.

After you graduate

Our graduates work in design, aerospace, manufacturing, automotive and motorsport engineering. Many students have secured permanent roles with their placement companies.

www.brookes.ac.uk/mecheng

Mechanical Engineering Design BEng (Hons) single honours

-  Headington Campus
-  FT 3 years, or 4 years with placement
PT up to 8 years
-  See pages 18-19
-  Optional, 1 year
-  UK and international students
-  September
-  UCAS tariff points 112
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

Our Mechanical Engineering Design degree covers a wide range of engineering practices. You'll learn key skills and focus on computer-based engineering design. You'll discover how to turn basic engineering principles into design possibilities, as well as find solutions for industry problems. You'll take design ideas and turn them into computer models and create your own design solutions for your work portfolio. You'll learn in state-of-the-art facilities with industry-standard software.

This course is excellent preparation for the world of work. Our course leads to professional recognition as an Incorporated Engineer (IEng).

After you graduate

Our graduates work at top engineering companies, including Jaguar, Reaction Engines and Blatchford Products.

www.brookes.ac.uk/mechengdesign

Motorsport Engineering BEng (Hons) single honours / MEng

- 📍 Headington Campus
- 📅 FT BEng: 3 years, or 4 years with placement; MEng: 4 years, or 5 years with placement
PT BEng: up to 8 years; MEng: up to 9 years

- 📅 September
- ✔️ UCAS tariff points 112 (BEng) or 128 (MEng) – to include Mathematics and Physics, Chemistry or Engineering
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

If you have a passion for motorsport then our Motorsport Engineering degree is for you. We are surrounded by Formula 1 teams and automotive companies in Oxfordshire. They inform our teaching and ensure you have the necessary skills to compete in the industry. They also offer you excellent placement opportunities. In this course, you will learn engineering principles specific to motorsport. You'll cover everything from aerodynamics to engineering design. You'll put your skills into practice with practical workshops and assignments in our engineering labs.

After you graduate

Companies that have offered work placements and employment opportunities include Mercedes GP, Williams, McLaren, Red Bull Racing and Prodrive.

motorsportbeng](http://www.brookes.ac.uk/motorsportbeng)

Motorsport Technology BEng (Hons) single honours

- 📍 Headington Campus
- 📅 FT BEng: 3 years, or 4 years sandwich
PT BEng: up to 8 years
- 🌐 See pages 18-19
- 📎 Optional, 1 year
- 👤 UK and international students
- 📅 September
- ✔️ UCAS tariff points 112
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

This course teaches motorsport technologies and computer-aided design for racing cars. You will learn to create, analyse and improve the quality of engineering designs. We are surrounded by Formula 1 teams and leading automotive companies in Oxfordshire. They inform our teaching and ensure you have the necessary skills to compete in the industry. They also offer you excellent placement opportunities. You will graduate with a knowledge of the entire design process for racing cars.

After you graduate

The UK motor industry is a highly successful autosports sector. All F1 teams have employed Oxford Brookes graduates in the last three years.

[www.brookes.ac.uk/
motortech](http://www.brookes.ac.uk/motortech)

Nutrition, Sport and Physical Activity

Our degrees are designed to prepare you for a career in this important subject area spanning nutrition (including public health nutrition and clinical nutrition), health, sport, exercise science, coaching and physical education. You will learn from academics with international recognition who are deeply passionate about their subject. Our strong employability strand helps you to build experience and create opportunities in a range of settings.

TOP REASONS TO STUDY WITH US

Our degrees are **accredited by relevant professional bodies.**

Our sport and coaching sciences **staff work in elite sports or clinical rehabilitation**, and lead both national and international initiatives.

Nutrition students will get an **opportunity to be involved in commercial research and consultancy work** through our Centre for Nutrition and Health (OxBCNH), gaining employability skills in the process.

NUTRITION

Nutrition

BSc (Hons) single honours

-  Headington Campus
-  FT 3 years, PT study is possible
Available as a 3 or 4 year programme, with the additional year available as a study abroad or work placement year. Support will be available to help find suitable placement opportunities.
-  See pages 18-19
-  Optional
-  UK and international students
-  September
-  UCAS tariff points 104 including one A-level or a comparable Level 3 qualification in a science subject (For example Biology, Chemistry, Mathematics, Physical Education, Physics, Psychology). Food Technology will be accepted in lieu of a science subject.
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

You will learn to help people improve their health and performance through nutritional knowledge and skills. This course explores different topics including metabolism, physiology, psychology of foods, exercise behaviour, chronic diseases and food sustainability. Laboratory practicals will take place in our new facilities and students will have the opportunity to be involved in the research carried out in our Centre for Nutrition and Health, as well as external organisations.

After you graduate

Our graduates have careers in the food industry, public health, health education, NHS and dietetics. Some continue their studies by undertaking MSc courses in dietetics and chronic disease specialist routes.

www.brookes.ac.uk/nutrition

SPORT & PHYSICAL ACTIVITY

Sport and Exercise Science

BSc (Hons) single honours

-  Headington Campus
-  FT 3 years, PT up to 8 years
-  See pages 18-19
-  Optional
-  UK and international students
-  September
-  UCAS tariff points 104 including one A-level or a comparable Level 3 qualification in a science subject (For example Biology, Chemistry, Mathematics, Physical Education, Physics, Psychology). For further guidance on converting your grades to UCAS points, see page 163.

What you will study

The Sport and Exercise Science degree will support you to engage with a range of complex sport-related problems through the combination of applied seminars, practicals and lectures. We also offer a unique opportunity to undertake fieldwork to examine the effects of mountain trekking on your body. Our course is endorsed by the British Association of Sport and Exercise Sciences (BASES), giving you opportunities to learn within our BASES-accredited labs, allowing you to understand human health and performance from a multitude of different perspectives.

After you graduate

Our graduates have careers in areas including strength and conditioning, health promotion, community sports and sport science support for clubs, as well as going on to further study.

www.brookes.ac.uk/sportexercise

Sport, Coaching and Physical Education

BSc (Hons) single honours

-  Headington Campus
-  FT 3 years, PT up to 6 years

-  Compulsory work experience modules
-  UK and international students
-  September
-  UCAS tariff points 104
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

On this degree, you will be immersed in the complex world of coaching and teaching. Our core coaching modules combine practical and theoretical knowledge. While our community of learning will give you the opportunity to engage with practical coaching sessions, workshops, lectures and work placement opportunities within our specialist facilities.

After you graduate

Employment options include sports coaching, physical education, sports development within business and management, local authorities, national governing bodies, sports clubs and private organisations, as well as further study.

www.brookes.ac.uk/sportcoachpe

Sport, Physical Activity and Health Promotion

BSc (Hons) single honours

-  Headington Campus
-  FT 3 years, PT up to 6 years
-  See pages 18-19
-  Optional
-  UK and international students
-  September
-  UCAS tariff points 104
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

This course will prepare you to be a future leader in the healthcare and fitness industry. You will study how the human body responds to sport, exercise, nutrition and behaviour change interventions and how to use these interventions to maximise health across the lifespan.

You will explore the development and implementation of activity, health promotion and public health policy initiatives. You will have the opportunity to attain internationally recognised vocational qualifications which demonstrate a practical ability that will boost your career options.

After you graduate

This course will give you the skills to work in community recreation, health promotion, rehabilitation, clinical exercise therapy, research and roles within health and fitness.

www.brookes.ac.uk/physicalactivity

Social Sciences, Geography, Anthropology, and Psychology

When you study with us, you'll examine some of the biggest issues facing societies today. You could explore Japanese pop culture as an anthropologist or the human brain and its challenges as a psychologist. You could study desertification or smart cities as a geographer. You could even be working with a local MP as a politics student.

TOP REASONS TO STUDY WITH US

You'll be **taught by world-class researchers** – so your learning will always be underpinned by the latest developments in your field.

You'll have **access to great resources** – like our bone and archaeological analysis lab, or eye-tracking equipment and facilities to measure brain activity.

You'll **graduate prepared for your future career** – with optional work placements, chartered membership opportunities and work experience modules on many of our courses.

ANTHROPOLOGY

Anthropology

BSc (Hons) single honours /
BA or BSc (Hons) joint honours

 Headington Campus

 FT 3 years, PT up to 6 years
Available as a 3 or 4 year programme,
with the additional year available as a
study abroad or work placement year.
Support will be available to help find
suitable placement opportunities.

 See pages 18-19

 Optional work placement module

 UK and international students

 September

 UCAS tariff points 104
For further guidance on converting your
grades to UCAS points, see page 163.

Please see page 166 for the joint honours
options.

What you will study

Anthropology at Oxford Brookes is unique as we cover social and biological aspects of the discipline, with students able to specialise in either or both. Through field trips, work-based learning, lectures and seminars you will explore our origins, our interactions with nature and contemporary human relations. Topics range from inequality, migration and sexuality to evolution, archaeology and primate conservation. A cross-cultural focus will take you into case studies across the world. There are opportunities to study abroad and various extracurricular activities.

After you graduate

Anthropology offers numerous possibilities for careers or further study. You'll develop skills needed by NGOs, charities, government agencies, private companies and educational institutions.

www.brookes.ac.uk/anthro

GEOGRAPHY

Geography

BSc (Hons) single honours /
BA or BSc (Hons) joint honours

 Headington Campus

 FT 3 years, PT up to 6 years
Available as a 3 or 4 year programme,
with the additional year available as a
study abroad or work placement year.
Support will be available to help find
suitable placement opportunities.

What you will study

Explore pressing issues facing 21st-century societies, like climate change, extinction and urbanisation. You'll focus on human geography, physical geography or both. You'll study topics like desertification, development, smart cities and nationalism. You'll examine environmental policy or investigate changing oceans and atmosphere. You'll carry out fieldwork in the UK and abroad, do community and work-related learning, and your assessments will build workplace skills.

After you graduate

Our graduates have entered international development, environmental management, conservation, leisure and tourism, teaching and more.

www.brookes.ac.uk/geog

International Relations BA or BSc (Hons) joint honours

-  Headington Campus
-  FT 3 years, PT up to 6 years
-  Optional work placement module
-  UK and international students
-  September
-  UCAS tariff points 104
For further guidance on converting your grades to UCAS points, see page 163.

Please see page 169 for the joint honours options.

What you will study

This is a joint honours course. It lets you explore two of your passions and examine how they inform one another. Our International Relations degree will help you develop informed opinions on what's going on in the world. You'll gain in-depth knowledge of the most pressing political issues of our time, including populism, world poverty and global trade justice, terrorism and peacebuilding, global development and migration, gender equality and racial justice. And you'll be surrounded by people who are socially, politically and environmentally aware and active.

After you graduate

You'll develop skills that are useful for a variety of roles like journalism, government, trade unions, law, teaching, publishing, advertising, and governmental and non-governmental organisations.

www.brookes.ac.uk/intrel

The staff on my course were so helpful, and I ended up loving topics I thought I wouldn't like. I'm now using my dissertation research to solve environmental issues.

GEORGIA WALKER, GEOGRAPHY, GRADUATE

95% of Anthropology graduates are in work and/or study 15 months after completing their degree.

Discover Uni, 2022

International Relations and Politics BA (Hons) single honours

-  Headington Campus
-  FT 3 years, PT up to 6 years
Available as a 3 or 4 year programme, with the additional year available as a study abroad or work placement year. Support will be available to help find suitable placement opportunities.
-  See pages 18-19
-  Optional placement module
-  UK and international students
-  September
-  UCAS tariff points 104
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

When you study our International Relations and Politics degree, you're joining a vibrant, exciting community that investigates current debates and challenges like nationalism and populism, world poverty and global trade justice, security, terrorism and peacebuilding, climate change, global development and migration, gender equality and racial justice. You'll learn to apply structure and organisation to a planet that's constantly in flux. And you'll be in a place with others who are socially, politically and environmentally conscious and driven.

After you graduate

You'll develop an awareness of current events, making you suitable for a career in a field such as journalism and law, or in a role within government, trade unions and international organisations.

www.brookes.ac.uk/interpol

Politics BA or BSc (Hons) joint honours

-  Headington Campus
-  FT 3 years, PT up to 6 years
Available as a 3 or 4 year programme, with the additional year available as a study abroad or work placement year. Support will be available to help find suitable placement opportunities.
-  Optional
-  UK and international students
-  September
-  UCAS tariff points 104
For further guidance on converting your grades to UCAS points, see page 163.

Please see page 170 for the joint honours options.

What you will study

Our politics degree helps you make sense of an ever-changing world, understand the facts and use them to form compelling arguments. You'll grapple with some of the most pressing issues of the modern era, such as nationalism and populism, regional politics, conflict and peacebuilding, gender equality and racial justice. You'll join a community where those around you are socially, politically and environmentally conscious and active. As this is a joint honours degree, you can study it alongside another discipline of your choice and explore how they overlap.

After you graduate

The skills you'll learn are useful for a variety of careers in government, law, journalism, trade unions, publishing, management and social work. Or you may look to work within political parties.

www.brookes.ac.uk/politics

Sociology

BA (Hons) single honours /
BA or BSc (Hons) joint honours

-  Headington Campus
-  FT 3 years, PT up to 6 years
Available as a 3 or 4 year programme, with the additional year available as a study abroad or work placement year. Support will be available to help find suitable placement opportunities.
-  See pages 18-19
-  Optional work placement module
-  UK and international students
-  September
-  UCAS tariff points 104
For further guidance on converting your grades to UCAS points, see page 163.

Please see page 171 for the joint honours options.

What you will study

Would you like to explore how humans interact with each other? Or understand how our behaviour and values shape our society? On this course you'll examine some of the most relevant and compelling issues of our time like gender, migration, race, human rights and consumerism. You'll build sought-after skills for the workplace, like project management, data analysis and interviewing – preparing you for the future. You'll also be joining a supportive and close-knit department, where it's easy to get support from your lecturers.

After you graduate

You'll graduate ready for your career. Our graduates work in fields like international development, marketing, market research, education and social work.

www.brookes.ac.uk/socio

Before I started, I was worried... But the lecturers are always prepared to sit you down and talk things through. When they saw some of us were struggling with academic reports, they ran a workshop to help us.

SOPHIE KIRKMAN, SOCIOLOGY AND PSYCHOLOGY, GRADUATE

In select courses, there's an opportunity to spend a year working or studying in a different country.

You'll have the chance to put your skills and knowledge to the test in different situations, greatly enhancing your attractiveness to potential employers.

Psychology
BSc (Hons) single honours

-  Headington Campus
-  FT 3 years, PT up to 6 years
Available as a 3 or 4 year programme, with the additional year available as a study abroad or work placement year. Support will be available to help find suitable placement opportunities.
-  See pages 18-19
-  Optional
-  UK and international students
-  September
-  UCAS tariff points 112
For further guidance on converting your grades to UCAS points, see page 163.

What you will study

The course reflects the latest developments in psychology, so you benefit from our expertise in those areas. Studying both everyday and diagnosable behaviours will give you an understanding of interactions between the brain, behaviour and experience. Modules like Clinical Neuropsychology and Applying Social Psychology to Global Challenges will also help you understand how you can make a difference as a psychologist. We help you develop your employability skills which are indispensable for any career, within or outside of psychology.

After you graduate

Many students choose to join our course to work towards being a clinical psychologist. But that's just one of your options. Graduates are equipped for a huge variety of careers in human/social areas.

www.brookes.ac.uk/psych

I enjoy learning about new theories and ideas of things I have never heard of before; they offer a new insight into the way we think and behave. I also really enjoyed conducting my own experiment during second year, as well as producing a questionnaire and doing interviews, as it gave me the feeling of being a real researcher.

HANNAH BUTTIMORE, PSYCHOLOGY, GRADUATE

On our Psychology degree you will have the opportunity to undertake work experience and engage in real-life research. Our students regularly present their research findings at national and regional conferences across the UK.

Apprenticeships

Apprenticeships are an excellent alternative to a full-time university course. They offer an exciting way to earn and learn, and the potential to gain an academic award. To find out more about apprenticeships, visit: www.brookes.ac.uk/apprenticeships

Apprentices are employed and receive a wage so you study while you work. At least 6 hours a week of your work time is dedicated to off-the-job training. This will include attending university part-time and/or studying online. You'll also benefit from access to university resources such as the library and Student Services teams.

You'll gain the knowledge, skills and behaviours to confidently achieve a job role, and you'll benefit from a workplace mentor or supervisor to support you through your apprenticeship.

Oxford Brookes University offers higher and degree apprenticeships from level 5 to 7 so there are options to gain a Master's qualification too. We also work with a number of colleges that deliver Oxford Brookes qualifications as part of degree or higher apprenticeship standards. Apprentices are awarded an Oxford Brookes degree or foundation degree as well as achieving the overall apprenticeship.

For more information on degree apprenticeships offered through our college partnerships please visit: www.brookes.ac.uk/study/courses/partner-colleges

The following apprenticeship is currently available but please visit our website for an up-to-date listing and detailed course information: www.brookes.ac.uk/apprenticeships-on-offer

Nursing Associate Higher Apprenticeship

FdSc Nursing Associate, Level 5

**Available start dates:
September & January**

You apply through your employer, so ask them to contact our apprenticeships team and we can arrange a time to talk to them: apprentices@brookes.ac.uk

I always dreamed of being a nurse, after three years as a healthcare assistant, I wanted to try and further my career.

International pathways courses

Our pathways courses are designed to get international students onto their degree feeling prepared, confident and excited.

Find out more at www.brookes.ac.uk/international/pathways

PRE-SESSIONAL ENGLISH

Our pre-sessional English courses help you meet the language requirements of your degree and can be combined with our foundation courses.

Pre-sessional English is taught in 6-12 week blocks at different levels. You can take consecutive course blocks until you reach the level required for your degree course.

If you need IELTS 6.0 with 6.0 in reading and writing, 5.5 in speaking and listening (required for most undergraduate courses), you can see in the table below approximately how long you need to study depending on your current language level.

Current IELTS level	Duration*	Start date(s)
4.5 with at least 4.0 in all skills	24 weeks	September
5.0 with at least 4.5 in all skills	12 weeks	September, January or June
5.5 with at least 5.0 in all skills	12 weeks	September, January or June
6.0 with at least 5.5 in all skills	6 or 12 weeks	September, January or June (6 week course only available in July)

INTERNATIONAL FOUNDATION COURSES

If you do not meet the minimum academic requirements for our undergraduate courses, you may still be able to apply for one of our international foundation courses.

Our foundation courses provide a bridge between school study in your home country and undergraduate study, and offer a guaranteed pathway to an undergraduate degree if you pass with the required grades.

Course	Duration*	Start date(s)	IELTS required
International Foundation Diploma	24 weeks	September or January	5.0 (5.0 in each skill)
International Foundation Diploma (extended pathway)	1 year (includes a semester of pre-sessional English)	September	4.5 (4.0 in each skill)
International Foundation – Business and Technology	4 years (foundation integrated with undergraduate degree)	September or January	5.5 (5.5 in each skill)
International Foundation – Arts, Humanities and Law	4 years (foundation integrated with undergraduate degree)	September or January	5.5 (5.5 in each skill)

*Duration listed is for full-time study unless otherwise specified.

Why choose an international foundation course at Oxford Brookes?

- You are guaranteed to progress onto the first year of a bachelor's degree by passing your foundation year with the required grades.
- Our core class sizes are kept small so you will get the attention you need.
- You will study and become friends with people from all over the world, making your time on your course unforgettable.

How to apply

Our friendly admissions team is here to help you through the university application process. How you apply will depend on the type of course you are applying for, whether you want to study full-time or part-time and your start date. Find out more at www.brookes.ac.uk/study/how-to-apply

You can apply for entry in September 2025 or for deferred entry in September 2026. Some of our courses also have a January intake, and you can find further information on the course pages of our website.

If you're applying for full-time study between September 2025 and September 2026, you should apply via UCAS and we encourage you to make sure you submit your application by the deadlines.

If you're applying for part-time study, you can apply directly to Oxford Brookes. For more information on applying directly, please visit: www.brookes.ac.uk/apply-direct

INTERNATIONAL APPLICATIONS

International applicants can either apply through UCAS or directly to the university. Please see our website for application deadlines: www.brookes.ac.uk/international/applying-to-arriving-next-steps

We also work with representatives and organisations all over the world who can advise you on study options at Oxford Brookes and help you to apply. Visit our website to find your nearest representative: www.brookes.ac.uk/international/country

EXAM RESULTS

In July, awarding bodies release examination results for the International Baccalaureate and Access to Higher Education Diploma courses. In August, BTEC, A-level, T-level and other level 3 qualification results are released.

If your offer is conditional upon obtaining certain grades in other qualifications (for example, English language tests, or other international qualifications), you must send details of your results in writing by email to the Admissions Office. If you have applied directly to us, you can upload evidence of your results directly to your applicant portal. If you have met the conditions of our offer, UCAS or the Admissions Office will provide you with confirmation of this.

If your results do not quite meet the conditions of the offer, it doesn't automatically mean that you will not be accepted. Your application will then be given further consideration.

CLEARING

While we encourage you to apply early, many of our courses have places available in Clearing. If you've made a later decision to apply, or you've changed your mind, visit www.brookes.ac.uk/clearing

You can get in touch with UCAS for more information about the Clearing system: www.ucas.com/clearing

ENROLMENT

If you are an international student, you will most likely need to meet your conditions earlier in order to get your visa in time.

If you are applying to a teacher education, healthcare or social work course, you'll need to complete additional steps necessary for you to study the programme (such as Disclosure and Barring Service clearance) by the deadlines in your offer. We'll explain this in the online course page for the courses you are interested in.

When we know for certain that you are coming to Oxford Brookes (when you have either accepted an unconditional offer or finalised an offer after meeting the conditions) we will send you details of how to enrol online. Once you have completed enrolment, you'll be given access to our online student system.

Entry qualifications and typical offers

We welcome a wide range of qualifications for entry onto our programmes. Our admissions team will help you work out your own combination of likely grades and qualifications, which can include credit gained from previous work experience or training.

Wherever possible we make our conditional offers using the UCAS tariff. Please see page 163 for a breakdown of how to calculate your tariff score. This gives great flexibility, particularly if you are offering a mix of qualifications, such as two A-levels plus a BTEC National Extended Certificate.

In many cases, we don't specify grades to be achieved, because we are looking for achievement across a range of qualifications or subjects. For a general guide to the grades required, please look at the online course pages.

FIRST DEGREES

Our standard entry requirement is three A-levels or equivalent qualifications. In some cases, courses have specific required subjects and additional GCSE requirements.

In addition to A-levels, we accept a wide range of other qualifications including:

- the Welsh Baccalaureate
- the Access to Higher Education Diploma
- a BTEC National Certificate, Diploma or Extended Diploma at a good standard and in a relevant subject
- the International Baccalaureate Diploma
- the European Baccalaureate Diploma
- Scottish qualifications – five subjects in SCE with two at Higher level or one at Advanced Higher level, or three subjects in Scottish Highers or two at Advanced Higher level
- a recognised foundation course (for our international foundation courses please see page 155)
- T-levels*.

CONTEXTUAL ADMISSIONS

At Oxford Brookes University, we want to attract students from all backgrounds who have the potential to succeed.

We seek to be a fully inclusive institution that reflects society at large and provides an excellent student experience, a breadth of opportunities and successful outcomes for all students irrespective of their background.

Our Contextual Admissions policy forms part of our commitment to ensuring that all students with the potential to succeed at Oxford Brookes have equality of access.

It allows us to use a range of national and individual data to ensure that we are taking a rounded view of an individual applicant's potential.

It also supports us to make a reduced offer to students where the evidence suggests that their prior attainment may not be a full reflection of their future potential.

For more information, visit:
[www.brookes.ac.uk/
contextual-admissions](http://www.brookes.ac.uk/contextual-admissions)

MEDICAL AND POLICE CLEARANCE

All applicants who receive an offer for teacher education, healthcare or social work courses are checked through the Disclosure and Barring Service and the Independent Safeguarding Authority and must have satisfactory occupational health screening in order to study.

INTERNATIONAL QUALIFICATIONS

We accept a wide range of academic qualifications from around the world.

For specific entry requirements for applicants from your country, see
[www.brookes.ac.uk/
international/country](http://www.brookes.ac.uk/international/country)

If your academic qualifications do not meet these requirements we offer a range of international foundation courses (see page 155).

ENGLISH LANGUAGE REQUIREMENTS

If your main language is not English, you will need to show us that your English is at the right level to enable you to study here successfully.

To start an undergraduate degree you will need to meet our English language entry requirements as well as the required academic qualifications. You will need IELTS band 6.0-7.0 or above (including 6.0 in reading and writing, and 5.5 in listening and speaking).

IELTS is one of the most common tests. For details of other English language qualifications we accept, please see our website.

Courses require different scores within the range given, so please check individual course details on our website.

If you need a student visa to come to the UK you will need to meet the UK Visa and Immigration English language requirements.

For more information, visit
[www.brookes.ac.uk/
international/apply-to-arriving/](http://www.brookes.ac.uk/international/apply-to-arriving/)

UNIVERSITY ENGLISH COURSE (PRE-SESSIONAL)

If you do not meet the required English language level you can apply for one of our pre-sessional English courses (see page 155).

** T-levels are a relatively new qualification but are already included in the UCAS tariff. We welcome prospective students who are taking this qualification to apply. For some programmes with specific required subjects, particular subject areas or occupational specialisms may be required.*

UK fees and funding

At Oxford Brookes there are several options available to support you in funding your studies. Our course fees for UK students are £9,250* a year. For more detailed information please visit:
www.brookes.ac.uk/funding

LOANS FOR FULL-TIME UK STUDENTS

You don't need to pay any tuition fees while you are at university. Instead, the government provides a tuition fee loan which you start to pay back once you leave university and are earning above £25,000* a year.

The government also provides a maintenance loan to contribute towards living costs. You start to pay this back at the same time as your tuition fee loan. Your repayments will be 9% of any income above £25,000*, so the amount you repay each month will depend on your earnings.

Examples of monthly repayments for loans covering tuition and living costs:

Salary	Monthly repayments
£25,000	£0
£30,000	£37
£35,000	£75
£40,000	£112

Repayments will be taken automatically from your salary through the tax system. If your yearly income falls below £25,000 your repayments will automatically stop. All outstanding repayments will be written off after 40 years.

PART-TIME UK STUDENTS

If you are thinking of studying part-time you will also be eligible for a loan to cover the cost of tuition and a maintenance loan for your living costs. You will only start to repay both once you have finished your course and are earning above £25,000* a year.

FOUNDATION DEGREES

If you are a full-time UK student studying for a foundation degree at the university or with one of our partner colleges you will be charged £5,760**. You may then have the option of topping up to a full bachelor's degree at the same college for one year's further study, also charged at £7,570*. If you come to Oxford Brookes to top up, you will be charged £9,250*.

FIELD TRIP COSTS

The cost of any field trips that form a mandatory part of your course are included in your tuition fees. Optional field trips are not included, and you will have to pay a separate fee. Further information about additional course costs can be found on the online course pages.

BURSARIES

Oxford Brookes offers a range of bursaries and scholarships to support students. For the latest information about our 2025/26 Oxford Brookes Bursary please see www.brookes.ac.uk/study/funding/oxford-brookes-bursary-for-home-students

NHS LEARNING SUPPORT FUND

All UK healthcare students on courses will receive government funding of at least £5,000 a year which they will not need to pay back. For more information please visit www.nhsbsa.nhs.uk/nhs-learning-support-fund-lsf

GOVERNMENT SUPPORT FOR LIVING COSTS

All UK students are eligible for a maintenance loan to help cover living costs. The amount you can borrow will depend on your household income. Full-time UK students with household incomes below £25,000* are entitled to a maintenance loan of up to £9,978*.

FURTHER GOVERNMENT SUPPORT

Additional funding is available for disabled students, students with children and students with adult dependants. This funding does not need to be paid back. For further information, visit: www.gov.uk/student-finance

**All figures quoted are for the 2023-2024 academic year and are subject to Parliamentary approval. Please note tuition fees may increase in subsequent years both for new and continuing students in line with an inflationary amount determined by the government. Tuition fees for 2025 will be published by December 2024. Other threshold figures may also change for 2025-2026. See individual course pages on our website as they become available.*

***£5,760 figure still to be confirmed by Government. See Oxford Brookes University website for most up to date foundation course fee information*

International fees and funding

If you are a non-UK student it's likely you will have to pay international fees.

Fees for international students are set annually and the cost depends on the course you study. The tuition fee for one year's full-time undergraduate study in 2024-2025 will be between £15,950 and £18,050. You will receive information about how and when to pay your fees before your course starts.

TUITION FEE DEPOSITS

If you are an international student, you will need to pay a deposit to secure your place at Oxford Brookes, or provide evidence of financial sponsorship by an Oxford Brookes approved sponsor. The deposit will be between £3,000 and £8,000 and will be deducted from your first tuition fees payment.

Useful things to know

OUR TERMS AND CONDITIONS

We have prepared detailed Terms and Conditions which describe the contractual relationship between you and the University. You should access this document on our website: www.brookes.ac.uk/terms-and-conditions. Please read it in full before you apply to Oxford Brookes, as it contains important information that applies to how your time as a student will be managed and arranged.

We want to ensure that all students can easily find and understand the policies and rules that will affect you. Our Terms and Conditions therefore include reference to the University Regulations, which cover academic rules and regulations, and your Programme Specification, which describes more detailed arrangements for your programme, as well as other key policy documents.

It is our intention to treat you fairly at all times, and to be compliant with relevant consumer and other legislation, but if you have problems with the provision that we make for you, the Terms and Conditions describe how we will respond to your concerns.

The most up-to-date information for your programme will be found prior to your enrolment on the University's website www.brookes.ac.uk, and once you have enrolled, in your Student Information (a self-service portal).

Please note that when you accept an offer of a place at Oxford Brookes (and enrol with us), you also accept the Terms and Conditions.

COURSE FEES AND ADDITIONAL COSTS

Our tuition fees cover your first attempt at all modules necessary to complete the academic year of your programme and any field trips that form a mandatory part of your course. Tuition fees

are payable annually. Further costs may be incurred by you, including:

- equipment and core textbooks
- bench fees and consumables
- DBS checks
- printing
- uniform or protective clothing
- contributions to subsistence, travel and accommodation
- costs for optional field trips or work placements and, where these involve overseas travel, health and public liability insurance (unless explicitly stated that these are included in course fees)
- professional body membership fees
- optional graduation-related costs such as gown hire, guest tickets, official photographs
- additional modules
- module retakes.

Many programmes include optional field trips and work placements, where participation is encouraged, but is not required to evidence module or programme learning outcomes, and will not disadvantage you should you not be able to take part. These optional activities are at additional cost to you.

www.brookes.ac.uk/finance

CAMPUS REDEVELOPMENT

To ensure you have the best university experience, Oxford Brookes constantly assesses how its campuses are being developed and utilised. This ensures that our buildings and facilities are of high quality, well specified and accessible to meet the needs of current students and those joining us in the years to come.

As part of our ongoing investment in our campuses there may be changes to our campuses, and improvements to the buildings within them, over the coming years including your time at Oxford Brookes. If this is the case, we will ensure that students and applicants are given plenty

of notice to ensure a smooth transition to any changed use of our campuses.

The latest information will be provided on our website at www.brookes.ac.uk/estates-development

TEACHING LOCATIONS

Within Oxford the University operates across four sites – Harcourt Hill, Headington, Marston Road and Wheatley. However, the University expects to move all activity from Wheatley to the Headington Campus for the 24-25 academic year. It is our intention to move all teaching from Harcourt Hill to our Headington Campus for the start of the 2025/26 Academic year. We will keep people informed of any changes to this plan. The Headington Campus is the largest, on which the majority of programmes will have most of their teaching delivered. Some programmes are taught more frequently at the other sites (see course pages for more details), but all students may be required, at some point during their time at the University, to attend some teaching or assessment activities at any of the Oxford sites. There is a bus service that operates between sites in Oxford.

EQUALITY, DIVERSITY AND INCLUSION

We are committed to ensuring the very best student experience, where all our community can flourish in a culture of respect and support and where we celebrate difference and thrive on each other's success.

Additional information focused on our support for students is available on our Student Services EDI pages.

www.brookes.ac.uk/students/support/edi

About this prospectus

The University aims to provide clear and accurate information in line with guidance issued to higher education providers by the Consumer and Markets Authority on consumer protection law.

The courses and associated content listed in this prospectus were accurate at the time of going to print, but please be aware that the University may be required to make reasonable changes to the published course content. More detailed, contemporary information on any such changes will be published on our website course pages and, where known at the time, will be outlined in future offer holder correspondence.

Under the Higher Education and Research Act 2017, the Office for Students (OfS) operates a registration system to regulate and authorize UK higher education providers (known as Learning Providers). Oxford Brookes University is registered with the OfS under UKPRN 10004930: www.ukrlp.co.uk/ukrlp/ukrlp.first

Comparing courses at other universities

Statistics are available for undergraduate courses at universities in the UK, helping you to compare and make the right choice about what to study and where.

Please be aware that, for some courses, data may be grouped to show results for more than one year or more than one course so as to meet the data thresholds for publication. This may apply to data appearing in this prospectus.

To enquire about other formats, please call us on **+44 (0) 1865 741111** or get in touch at www.brookes.ac.uk/askaquestion
