

Medical Science

BSc (Hons) Single Honours

YEAR 1		YEAR 2		YEAR 3	FINAL YEAR	
Semester 1	Semester 2	Semester 1	Semester 2		Semester 1	Semester 2
Cell Biology and Genetics		Biochemistry of Cell Function		Professional Placement <i>(compulsory for sandwich year students only)</i>	Research Project	
Human Structure and Function		Integrated Physiology			Neuroscience	
Introduction to Biochemistry A	Introduction to Biochemistry B	Molecular Biology	Research Methods		Pathophysiology	Evidence-based Medicine
Scientific Skills	Professional and Experimental Skills	Genetics	Microbiology		Molecular Biology of Cancer	Genomic Medicine
			Haematology and Immunology		Clinical Pharmacology	Molecular Medicine
						Clinical Biochemistry

□ Compulsory module

■ Optional module
