## Important:

Across the academic year there are options in the Spring, Summer and Autumn sessions with regards to when exam committees can be held. All programmes, modules and students must be considered at **one** exam committee within a particular period and term i.e. programmes must opt for only one of the exam committee periods in the Spring, Summer and Autumn. This applies for initial attempts and resits. There must be enough time for resit messaging out to students and for students to have sufficient time to undertake resits, and for this work to be marked.
