

Rainbow Home

Supporting asylum seekers who identify as LGBT+ (lesbian, gay, bisexual, transgender, or allied identities) across NE England

Rainbow Home is a joint project between MESMAC (service for LBT men) and Northern Lights Metropolitan Community Church. The group offers a safe space, integration, motivation, friendship, belonging, confidence, inspiration, a place to feel at home, a space for family and free vegetarian food.

We support people in learning how to live in Britain & when necessary we might help report homophobic or racist hate crime.

A case worker is available to support people in their journey through the asylum system.

Most of our Rainbow Home family are from Africa or the Middle East, where their identity is illegal or deeply stigmatised.

Almost all costs of events, meals, travel, etc. must be met through fundraising.
