

Biomedical Science

BSc (Hons) Single Honours

YEAR 1		YEAR 2		YEAR 3	FINAL YEAR	
Semester 1	Semester 2	Semester 1	Semester 2		Semester 1	Semester 2
Cell Biology and Genetics		Biochemistry of Cell Function		Professional Placement <i>(compulsory for sandwich year students only)</i>	Research Project	
Human Structure and Function		Molecular Biology	Research Methods		Clinical Pharmacology	Clinical Biochemistry
Introduction to Biochemistry A	Introduction to Biochemistry B	Genetics	Microbiology		Infection Immunity and Immunology	Genomic Medicine
Scientific Skills	Professional and Experimental Skills	Cellular Pathology	Haematology and Immunology		Molecular Biology of Cancer	Molecular Medicine
						Evidence-based Medicine

Compulsory module

Optional module
